Miss Alice M. Smith, of Minneapolis, Minn., tells how woman's monthly suffering may be quickly and permanently relieved by Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM: - I have never before given my endorsement for any medicine, but Lydia E. Pinkham's Vegetable Compound has added so much to my life and happiness that I feel like making an exception in this case. For two years every month I would have two days of severe pain and could find no relief, but one day when visiting a friend I run across Lydia E. Pinkham's Vegetable Compound, - she had used it with the best results and advised me to try it. I found that it worked wonders with me; I now experience no pain and only had to use a few bottles to bring about this wonderful change. I use it occasionally now when I am exceptionally tired or worn out."-MISS ALICE M. SMITH, 804 Third Ave., South Minneapolis, Minn., Chairman Executive Committee Minneapolis Study Club.

Beauty and strength in women vanish early in life because of monthly pain or some menstrual irregularity. Many suffer silently and see their best gifts fade away. Lydia E. Pinkham's Vegetable Compound helps women preserve roundness of form and freshness of face because it makes their entire female organism healthy. It carries women safely through the various natural crises and is the safeguard of woman's health. The truth about this great medicine is told in the letters from

women published in this paper constantly. Mrs. C. Kleinschrodt, Morrison, Ill., says: -

"DEAR MRS. PINKHAM: - I have suffered ever since I was thirteen years of age with my menses. They were irregular and very painful. I doctored a great deal but received no benefit. "A friend advised me to try Lydia E. Pinkham's Vegetable Compound, which I did, and after taking a few bottles of it, I found

How is it possible for us to make it plainer that Lydia E. Pinkham's Vegetable Compound will positively help all sick women? All women are constituted alike, rich and poor. high and low, - all suffer from the same organic troubles. Surely, no one can wish to remain weak and sickly, discouraged with life and without hope for the future, when proof is so unmistakable that Lydia E. Pinkham's Vegetable Compound will cure monthly suffering - all womb and ovarian troubles, and all the ills

The class of girls dealt with were those unfortunates who are neither feeble-minded, nor wholly degenerate, but who are wayward, and yet not bad enough to be sent to the Mercer. After going minutely into the causes of the falling of such girls, the paper went on to deal with a remedy for the evil, the suggestion being made that in the larger cities a home should be established, to which these girls might be sent, and where they might go out to perform domestic service, as many of them are capable of such work.
