Are You Ageing Too Fast?

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and activity-she enjoyed life and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength. She is just ready to develop some disease that will further weaken and debilitate. You remember how it began, failure of appetite, tired in the morning, found housework burdensome, always nervous and a little irritable. It's a shame to let her go down hill further when you can build her up so quickly with Ferrozone. The change this nourishing tonic makes in a weak woman is surprising. It gives great for food increases appetite and digestion enormously, blood gets richer and stronger and adds new life to every organ the body. A rebuilding process works through the entire system. The first week will show an improvement, and month or two will fatten up the thinnest, most run-down woman you can think of. Take Ferrozone for the lost color, for nervousness, for weaknessuse it when run-down and feeling poorly-it will do you more lasting good, keep you in better health than anything else.
