Hospital Expenditure. The expenditures in connection with Victoria and the new isolation hospital were discussed, more particularly ose of the latter. It was pointed out that the coal bill for February, the shortest month, and this year one of the mildest, was more than \$200, and then the temperature was reported not to be higher than 40 degrees.

Such an expense, it was pointed out, was ruinous, and if all civic expenses were in proportion the city would speedily become bankrupt.

FRENCH STEAM TRAWLERS

Large Fleet to Operate on the Grand

Banks This Year. Halifax, May 21.-According to information received, about thirty-five steam trawlers have left France, several of which will call at North Sydney and others at St. Pierre before proceeding to Grand Banks. The report that such a large fleet of trawers will operate this season has caused considerable uneasiness in fishing circles at St. Pierre, as their method. of catching fish, in the opinion of some, will hasten the depletion of the fishing grounds. Naturally sailing vessel owners in St. Pierre are against steam trawlers and are strongly protesting against their use, that the handline fishery will be greatly jeopardized.
