Yet, by the pur-suit of false aims, those who succeeded in this jungle of conflict were utterly unsatisfied with their success, and cerunsatisfied with their success, and certainly not happy. Looking back on the rich society before the war, not as one of them, but as an observer who went among them with watchful eyes, I remember crowds of restless, bored people, who followed the drift of fashion from one place to another, wallowed in all the luxury that civilization has invented, and were most miserable.

War itself was their way of escape from boredom, and apart from all oplitic machines and the properties of the second series of the Junior Soccer League to the Rovers, and they will have possession of the Brisco trophy, for this year. The presentation will be made later.

That is a terrifying thought to many people to whom the word poverty is horrible. Yet poverty need not be horrible if it is not dirty and squalid and grinding and enslaving. Then it is the most horrible thing in the world, but it need not be like that. I would like to see its profession of faith, for upon that more than upon the Washington conference depends the future peace and happiness of mankind. Whether that is so or not—and I do not dogmatize—it is certain that the effect of the war will be to make life in many countries simpler and more.

That is an undesirable exaggeration of virtue and of simplicity, but perhaps the relative poverty that has come to other countries, like England and France, at least to the extent of restricting futile luxuries, annihilating the class of the idle rich and making for general economy, leading people back to the land and simplifying life by a greater need for austerity, will have some moral advantage.

but it need not be like that. It is our slums of city life, our wide gulfs between the very rich and the very poor, our denial of beauty and simplicity that have created the horror of poverty in modern civilization.

Given a sense of humor, a spirit of adventure, love of beauty, a gift of getting pleasure out of simply things, poverty itself is good fun, as many know who have been poor and will be again if taxation continues its soaring flights.

of the series by a score of 4 to 2. An immense crowd of fans watched an interesting and well-played game. Lefty Bond was sent to the mound by the Harveys in an effort to turn the wagon-makers back, but Lefty was not in form and only good headwork on his part kept him in the box until the end of the fifth. In this session, with the score tied, the wagon-makers nicked him for four hits, one a three-bagger, scoring three runs. Foster followed and allowed but one hit in the remaining three sessions. Thompson was on the mound for the winners, and pitched one of his usual steady games and was given good support. The game finishes one of the most successful City League seasons in the history of the city. The Bains have played consistently all through the two series, winning the first, and just being nosed out by the Harveys in the second. The fans are now ready and waiting for the semi-finals of the O. B. A., and Woodstock should have one of the fastest and hardest hitting aggrega-

COUNCIL MAY CANCEL PERMISSION FOR BUSES

WISDSOR, Aug. 19. — Permission granted to private owners of motor buses to operate in the districts not served by the street railway may be cancelled by the city council at the next regular meeting. Some of the aldermen who voted to grant permis-logical permissions, where it is said, Mrs. Trumble were preferred by the Sandwich police, following the arrest and conviction of Mrs. Winship Quadnas, Detroit society leader, and Harry Parisons, chauffeur, on charges of drunkenness. Mrs. Quadnas, the police testified, accused Mrs. Trumble of selling liquor at her home, Magistrate W. E. Gundy also dismissed similar charges brought by the police against the management of the next regular meeting. Some of the laddermen who voted to grant permis-logical management of the chappell House, where, it is said, Mrs. Quadnas was "entertained."

What You Owe To Advertisers

You owe to advertisers in daily newspapers almost everything that has made living more comfortable and healthy.

Daily Newspaper Advertisers of foodstuffs gave you clean foods, just weights and fixed prices for the things you buy

Daily Newspaper Advertisers gave you better houses, modern bathrooms, hardwood floors, electric lights, gas and electric ranges.

Daily Newspaper Advertisers gave you better clothes to wear by educating the public to the value of good clothes and their economy.

Daily Newspaper Advertisers made your housework easier by giving you quick cleansing fluids, furniture polishes, floor machines, vacuum cleaners, carpet sweepers, aluminum cooking utensils, clothes dryers, sewing machines, gas and electric irons.

Daily Newspaper Advertising made it possible for you to retain the beauty nature endowed you with by suggesting emollients, toilet preparations, shaving creams, safety razors, etc.

The pioneers in all these things were the firms who made them and advertised them.

They led the way.

It is for this reason that you should always buy advertised goods.

These goods have raised your standard of comfort and living; and the manufacturers of them command admiration for their courage and foresight.

Dollar for dollar, the advertised article is always better value. The reason is that when an article is advertised production of it is invariably greater. Therefore, the manufacturer has a larger output and a lower cost of production; hence the greater value for the money. Further, the advertised article generally has superior merit and greater refinements about it. If it were not so it

would not be advertised. Buy advertised goods, and buy them from the local store that advertises.

rheumatism, neuritis and like complaints by taking treatments supposed to drive the Uric Acid out of your blood and body. Many physicians and scientists now know that Uric Acid never did, never can and never will cause rheumatism; that it is a natural and necessary constituent of the blood; that it is found in every new-born babe, and that without it we could not live!

These statements may seem strange to some folks, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr.

These statements may seem strange to some folks, who have all along been led to believe in the old "Uric Acid" humbug. It took Mr. Ashelman 50 years to find out this truth. He learned how to get rid of the true cause of his rheumatism, other disorders, and recover his strength from "The Inner Mysteries," a remarkable book now being distributed free by an authority who devoted over twenty years to the scientific study of this particular trouble.

NOTE: If any reader of The Advertiser wishes the book that reveals these facts regarding the true cause and cure of rheumatism, facts that were overlooked by doctors and scientists for centuries past, simply send a postcard or letter to H. P. Clearwater, No. 37th street, Hallowell, Maine, and it will be sent by return mail without any charge whatever. Cut out this notice lest you forget!
