Ald. Drake suggests that as there will be a number of questions of much interest to both the prime minister and the minister of labor, that both of them should be invited to attend the conference.

In connection with the local unemployment situation, it is pointed out that the construction of a new postofice and customs house would provide plenty of work until the that the construction of a new postoffice and customs house would provide plenty of work until the country swings back ed several games of squash rackets to normal again. Ald. Drake explains afterwards. But it was later, when that while the city of London is doing all it possibly can to provide work for all within her borders, it is impossible to take care of all the unemployed. wealth was really waved over the great chateau-like house beautiful gardens and majestic park, transas expressed at the unemployment conference held in Ottawa last week, was ferring the whole into a place of elfin beauty that might have been a ployment problem rests entirely upon peopled with the dandies and beau ties, all the voluptuous elegances of the court of Louis Le Grande. For when evening fell, the grounds

sprang to sudden life. Among the trees flitted, not savages of the past, but hundreds of modern guards, men charged with seeing that no intruder entered this sacred grove of wealth. charged with the safety of the heir to the British throne, in whose honor all this beauty had been created. It is said that the night's entertainment left the MacKay purse slenderer by \$100 000. Perhaps the sum was greater, perhaps less. It is immaterial. The milky way was the limit when the object was to play host to the royal visitor in a way that would set a landmark in this social heaven for years to come.

Darkness Falls.

So when darkness fell, all along the winding mile-long avenue that led from the iron gates on the highway through the trees to the MacKay house, candles in colored glass containers were lighted on both sides about three feet apart. These were on the ground on the edges of the drive, and they outlined the way to the house with hundreds of points of light. Switches were pulled. every tree, in the heart and on the branches of those beautiful trees, 182, L. L. L., and Court Goderich, No. 32, C. O. F., had active charge of of local motor traffic regulations.

No. 32, C. O. F., had active charge of of local motor traffic regulations. in and out of the shimmering leaves. The effect was as if the heavens had fallen to earth and the stars of night were holding eerie, fairy sentinel positions among the trees. There was a diffused radiance, a silver glow as if the moonlight had been sprayed by the hand of an been sprayed by the hand of an

been sprayed by the hand of an artist over and through and around the quivering, whispering trees.

What a night! What beauty of grounds and lighting. On top of the highest turret of the MacKay House gleamed a huge stars and stripes in colored electric lights, visible miles away by the villagers over the tops of the trees like a transplanted
