TIREDDNESS COMES IN THE SPRING.

What Are You Doing to Overcome it.

The cold of winter exhausts vitality and
exposes everyone to disease. Spring is sure
to bring tiredness and languor that will not
go.

Spring sickness doesn't cure itself—the
cause is in the blood, and that cause must
be remedied. It is easily done with Ferro-
zone, a marvelous remedy that purifies the
blood and expels those humors and poisons
that depress and weaken.

Just think of it—Ferrozone uplifts the
entire nervous system, renews the blood,
makes it rich and red—gives the sort of aid
that's needed in throwing off weakness and
spring languor.

Tens of thousands enjoy the advantages
of renewed health through Ferrozone;—if
you'll only use it, you'll surely grow strong
too; it's beneficial action is noticed even in
a week,—you see it goes right to work, re-
moves the causes of the trouble and then
quickly makes a cure.

For those who sleep poorly and have
nervous apprehensions, Ferrozone is a boon;
it is a specialist in some cases.

Where there is paleness, poor appetite
and languor, Ferrozone makes the patient
feel like new in a few days.

In dizziness, nerve exhaustion, griping
fever and debility, the power of Ferrozone
is known from coast to coast and universally
used with grand results.

Let Ferrozone build you up, let it win
you back to robust health,—it will do so
quickly if you give it the chance. Sold by
all dealers, 50c. per box or six boxes for
\$2.50. Remember the name FERROZONE.

TORN BY WILD BEASTS.

History of a Great Discovery.
The old Roman heroes who were torn
by wild beasts at their fights in the now
ruined Colosseum at Rome the Greek
charioteers, and the gladiators who made
fighting a profession, all knew the virtues
of herbal essences for skin injuries and
diseases. They would energe from a
combat sore, bleeding, and covered with
wounds. They would apply at night
their secret herbal balms, and in a few
days would again be ready for combat.
Their ideal of a balm or salve was the
correct one—a preparation which must
combine power with purity; and that
ideal is realized in Zam-Buk.

Ordinary ointments, salves, and em-
brocations are generally composed of
rancid animal fats and mineral poisons.
Zam-Buk, on the contrary, is a healing
balm, composed of highly refined saps
and juices got from certain rich medicinal
herbs, and every household may rely on
its healing aid.

When the little one runs in from his
play with a smarting, dirt-filled scrape
on his hand or knee, simply wash the part,
and smear with Zam-Buk, band-
aging if necessary.

When father returns from work with a
cut hand, the handy box of Zam-Buk
again meets the emergency, and the
housewife or mother continually finds
it a real friend in need for the burns, the
scalds, scrapes and bruises of general
household duties. For eczema, ulcers,
itch, fistulas, abscesses, scalp sores, and
all skin diseases, it acts like a charm. It
eases the pain and stops the bleeding of
piles and cures this painful ailment
quickly and surely. All druggists and
stores sell at 50c. a box, or from Zam-
Buk Co., Toronto, for price, 6 boxes for
\$2.50.

Story of a Fisherman.

A fishy old fisher named Fischer
Fished fish from the edge of a fissure,
A cod with a grin,
Pulled the fisherman in,
Now they're fishing the fissure for
Fischer.

Prizes for Standing Fields of Grains.

The Ontario Department of Agricul-
ture, desiring to encourage a high stan-
dard in crop raising, has decided to offer
financial assistance to those Agricultural
Societies throughout the Province which
will undertake to carry on a competition
in "Standing Fields of Seed Grain" as
per rules and regulations enclosed here-
with.

(1) To stimulate a greater interest in
the growing of first-class seed grain.

(2) To encourage the practice of grow-
ing seed for next year's crop separate
from the main crop, using only the best
obtainable seed, sowing it on the cleanest
and best prepared land, allowing it to
thoroughly ripen, and threshing and
storing separately.

(3) To obtain pure grain, i. e., free
from other varieties, the presence of
which can best be detected when the
grain is growing.

(4) To encourage the use of seed from
heavy yielding strains.

(5) To promote the sowing of seed
from clean, vigorous crops of uniform
stand and with bright, stiff straw, in the
case of the smaller cereals.

(6) To encourage careful and intelli-
gent farming and the production of grain
free from weed seeds.

(7) To facilitate, through a competi-
tion for sweepstakes prizes, which may
also be held in addition to the local com-
petitions, the bringing together at the
Seed Department, Provincial Winter Fair,
Guelph, samples from the winning fields
in the various competing societies through-
out the Province. This arrangement, if
carried out, while serving an important
educational purpose, will also afford a
clue as to where good clean productive
seed may be had.

It has been thought best, for this year
at least, to limit the number of societies
who may compete to ten. It will be nec-
essary therefore for you, as secretary, to
bring the matter before your society at
the earliest possible moment and to de-
cide whether or not you, as a society, will
make application to compete. The first
ten societies making satisfactory applica-
tions as per accompanying letter form
will be accepted and given notice of the
same immediately. We shall then send
to the Secretaries of each of these soci-
eties a number of application forms for the
use of the individual competitors among
whom they may be distributed.

In addition to the above contest a
sweepstakes competition may also be held
among the winners of the first prizes in
each of the Agricultural Societies through-
out the Province, and for each class of
crops. Further notice of this will be
given later, should satisfactory arrange-
ments be made.

The plan, as outlined, is a compre-
hensive one, requiring the hearty co-opera-
tion of all concerned to ensure success.
We therefore trust that you will do all in
your power to promote the movement.

You May be Sick To-Night.
Without a moment's warning pain springs
upon us. At the outset it is instantly cured
by Nerviline. Surprising what fifteen
drops of this marvelous medicine will do.
It's external action is no less certain than
it's wonderful effects when taken inter-
nally. Of course Nerviline is powerful or it
couldn't be so penetrating. But not irritat-
ing or caustic. There are other pain reme-
dies, but when you use Nerviline you see the
difference. That difference is this,—others
relieve, but Nerviline does cure sprains,
strains, swellings, earache, toothache, neu-
ralgia, lumbago, in fact all muscular pains.
Large bottles 25c at all dealers.

New Church at Arkona.

On Thursday afternoon of last week
the congregation of the Church of Eng-
land, Arkona, decided to build a church
in that place. A Presbyterian church,
about 7 miles from Parkhill, has been
purchased and will be taken down, mov-
ed on wagons and rebuilt in Arkona. A
building committee has been appointed
and work will be commenced in the
near future. Almost \$600 has already
been subscribed. Since August 12th of
last year when the first service was held,
the Presbyterians (Arkona) have kindly
allowed the use of their church for ser-
vices. The congregation deserves credit
for their regularity in attendance
and also for the deep interest manifested
by all.

If there are any, who read these lines,
who should like to contribute towards
this worthy object, viz. The erection of
a temple for the worship, praise and
glory of God Almighty and the extension
of His kingdom, they might send or give
such contributions to the Rev. F. K.
Hughes, Theford. The Arkona con-
gregation is weak but is doing its best
and will greatly appreciate any assistance
that might be given.

Port Huron Bigamist.
Though Deputy Sheriff James Elliott,
of Battle Creek, is home from Fort
Smith, Ark., after his exciting experi-
ences with the alleged bigamist, Dr.
John R. Carver, he cannot yet make up
his mind whether or not he had the right
man. Carver will be prosecuted, but not
for bigamy. It has been decided to ar-
rest him for perjury, in that he testified
falsely with which to wed Mrs. Lola B.
Davis, of Battle Creek. This would
mean a fifteen years' sentence, instead of
five.—Port Huron Times.

Will Coghill, of Wyoming, has entered
the service of the Sovereign Bank at Essex.
