

ming state of health he had been a great sufferer from scrofula for a number of years, and finally all parts of his body broke out into sores, rendering him an object of horror to every one, he tried some of the most reputed remedies known, but they did not touch his complaint, and in the greatest alarm he consulted a friend as to what course he ought to adopt, when Halloway's Ointment and Pills were recommended, which he commenced using, and by persevering with these remedies for a short time, he was perfectly cured, after every other remedy had failed.

AYER'S CHERRY PECTORAL.
For the rapid cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

We invite the attention of the public to the Certificates appended below, and bespeak for them the candid consideration which their honest frankness deserves.

Jackson C. H., Jackson City, O. 25th Nov. '52.
Dr. J. C. Ayer—Sir: The Cherry Pectoral is much inquired after. Several of our best Physicians have used it, three of them in their own case, and always with the happy effects. The numerous patent medicines always before them, lead to credulity in regard to every new remedy; and it is only after undoubted evidence of value in any article, that any thing like a general confidence can be excited.

The unrivalled excellence of this combination of agents (in the Cherry Pectoral) proved—your cavity by repeated trial and their own observation, has compelled medical men to proclaim abroad its usefulness. Its beyond all doubt the best general remedy we have for Pulmonary Affections of this climate, at the same time sedative and expectorant—a rare combination of properties.

In the hope that it will prove its own reward, I subscribe myself,

Jas. H. C. MILLER, M. D.
Allegan, Mich. 19th Jan. 1853.

DEAR SIR—No one, no, not one—man, woman or child—can be found to deny that the Cherry Pectoral is all that it claims to be. There is much used in this vicinity, although not known until recently. The community should know its virtues.

AYER'S PILLS.
FOR ALL THE PURSUERS OF A FAMILY PHYSIC.

There has long existed a public demand for an effective purgative pill which could be relied on as safe and perfectly safe in its operation. This has been prepared to meet that demand, and as a careful trial of its virtues has conclusively shown, with what success it accomplishes the purpose designed. It is easy to make a pleasant pill, but still easier to make the best of all pills—one which should have none of the objections, but all the advantages, of any other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient who has not tried it, that every purgative medicine, in its operation, is more or less irritating to the bowels, and sometimes even to the stomach. These pills produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity, and it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Lipothymia, Irritability, Bilious Headache, Bilious Fever, Frequent and Ague, Pain in the Side and Loins, &c. In truth, all these are but the consequence of diseased action in the liver. As an aperient, they afford prompt and entire relief in Constipation, Dropsy, Catarrh, Hemorrhoids, Stricture and Scour, Cystitis, Stricture of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Libemity, Gout, Dropsy, Gravel, Rheumatism, Puffiness of the Face, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of season. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or dissipated energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed that this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
