

The deficiency of £29, as shewn in the foregoing account will, it is hoped, be very nearly met by collections already made among friends in the old country, but not yet transmitted.

In addition to the amount already mentioned, we have also received also a sum of £10 collected by Miss Bazett, Reading, for a *Harmonium*, and £10 collected by Mrs. Bateman, Margate, for a *Church Bell*.

It is for our new projects that we are now principally appealing for money : a school and master's house to be built on the St. Clair Reserve, and the same at Kettle Point.

The following ladies will kindly receive donations on behalf of this mission.

MRS. LEMANN, Langford Vicarage, Lechlade.

MISS BAZETT, Springfield, Reading.

MISS WILSON, 9 Barnsbury Park, London N.

IN CANADA.
