"Having used your Sure Growth Fertilizer for the past three seasons, it is with pleasure I recommend its use to others. I commenced with one ton the first season, and two years ago purchased from you two tons, and last season two and one-half tons. Always used it on fall wheat at the rate of about 200 lbs. per acre, and am fully convinced I had at least one-third larger yield and finer sample than where no fertilizer was used. Thinking you for your prompt delivery, I remain,
