Accessories (including hose, extension rods, stop-cocks, barrel, nozzle, strainer).....	25
	— 100

The following is the list of pumps tested, named in order of standing, as found by the judges :—

Spraymotor, of London ; Eclipse, of Benton Harbor, Mich. ; Anderson, of Aylmer ; Pomona, of Seneca Falls, N. Y. ; Clarksburg, of Clarksburg, Ont. ;

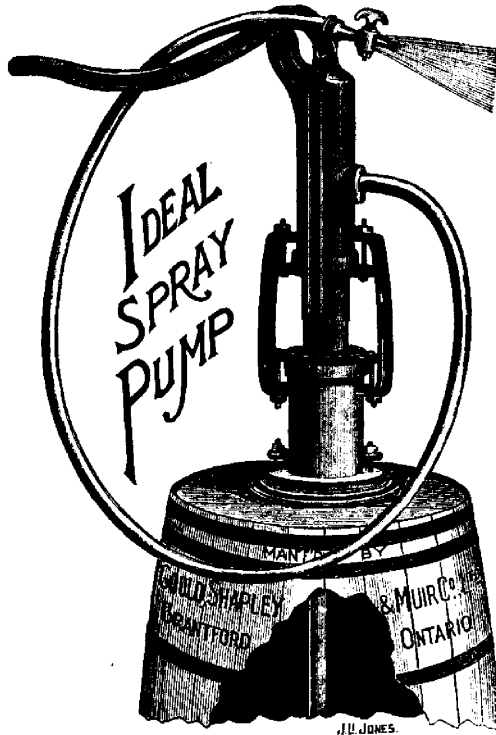

FIG. 941.—THE IDEAL.

Ideal, of Brantford ; Empire King, of Lockport, N. Y. ; Gem, of Toronto, Ont. ; Reid's pump, of Hamilton ; Defender, of Catskill, N. Y. ; The Wilson Garden Pump.

Of course some of the pumps of medium standing are much lower in price, and might be the choice of many on that account, for they do excellent work. The report, which will be published at once, will describe each pump, and give prices ; and so it will form a very reliable guide to our fruit growers, when buying a spray pump. The report may be obtained on application to the Department of Agriculture.
