North Carolina.

Presbyterianism seems to be flourishing here. Since last April, no less than 81 persons have been received into full communion at Rocky River Presbyterian Church.

Unitarianism.

A young lady was lately ordained over a Unitarian Chuich at Mansfield, Mass. This is the second young lady in the United States now labouring in the field in connection with the Unitarians.

Presbyterianism.

There are upwards of 500 ministers and churches in connection with Presbyterianism in the Dominion, and in the United States about 7,200 churches.

Washington.

A Congregational Church in Washington now comprises about 350 church members.

REV. JAMES B. DUNN, of Boston, has permission by vote of his Society to go abroad for four months, and they pay his salary and supply his pulpit. is as it should be. The same laudable course is now largely followed in Scotland and Canada. Why should we not see something of the same thing in our own Church? Now, before summer comes round again, is the time to think the matter over. Why should our ministers, the hardest wrought men of the community, be the only ones who never enjoy a holiday? Salt Springs, Picton, has taken a noble lead in this really good work. We hope the worthy Pastor will not be forgotten next summer.

ACKNOWLEDGMENTS.

TO AGENTS, SUBSCRIBERS, CONGREGATIONS, &c.

We would remind all our friends that for the last two years we have published in our March issue lists giving the circulation of the Record in the different Presbyteries, Congregations, &c., of the Church. That no injustice be done to any locality, we would therefore urge all Agents to have their full lists for the year sent in before the end of this month; and we would be obliged to any minister who has an extended parish and thinks it probable that mistakes may be made, to send us a list of all the Agents and the number of Records taken by each of them in his congregation.
