

YOU CAN INTEREST HIM

Any Man Over Fifty.

You can interest any man over fifty years of age in anything that will make him feel better, because while he may not as yet have any positive organic disease he no longer feels the buoyancy and vigor of twenty-five nor the freedom from aches and pains he enjoyed in earlier years, and he very naturally examines with interest any proposition looking to the improvement and preservation of his health.

He will notice among other things that the stomach of fifty is a very different one from the stomach he possessed at twenty-five. That greatest care must be exercised as to what is eaten and how much of it, and even with the best of care, there will be increasing digestive weakness with advancing years.

A proposition to perfect or improve the digestion and assimilation of food is one which interests not only every man of fifty but every man, woman and child of any age, because the whole secret of good health, good blood, strong nerves, is to have stomach which will promptly and thoroughly digest wholesome food because blood, nerves, brain tissue and every other constituent of the body is entirely the product of digestion, and no medicine or "health" food can possibly create pure blood or restore shaky nerves, when a weak stomach is replenishing the daily wear and tear of the body from a mass of fermenting half-digested food.

No, the stomach itself wants help and in no round about way either; it wants direct, unmistakable assistance, such as is given by one or two STUART'S DYSPEPSIA TABLETS after each meal.

These tablets cure stomach trouble because their use gives the stomach a chance to rest and recuperate; one of STUART'S DYSPEPSIA TABLETS contains digestive elements sufficient to digest 3,000 grains of ordinary food such as bread, meat, eggs, etc.

The plan of dieting is simply another name for starvation, and the use of prepared foods and new fangled breakfast foods simply makes matters worse as any dyspeptic who has tried them knows.

As Dr. Bennett says, the only reason I can imagine why STUART'S DYSPEPSIA TABLETS are not universally used by everybody who is troubled in any way with poor digestion is because many people seem to think that because a medicine is advertised or is sold in drug stores or is protected by a trade mark must be a humbug whereas as a matter of truth any druggist who is observant knows that STUART'S DYSPEPTIC TABLETS have cured more people of indigestion, heartburn, heart trouble, nervous prostration and run down condition generally than all the patent medicines and doctors' prescriptions for stomach trouble combined.
