

THE NUMISMATIC AND ANTIQUARIAN SOCIETY OF MONTREAL.

THE regular monthly meeting of the Society was held on the evening of the 21st ult., Mr. Henry Mott in the chair. The proceedings were almost entirely confined to routine business, though there were some exhibits and donations to the numismatic collection of the society.

Mr. McLachlan exhibited the bronze prize medal of the Ontario Normal School, for the coming sessional examinations.

Mr. King showed a denarius of Julia Mammea; and a silver coin of the Spanish Netherlands of uncertain date and value.

A committee was appointed to procure a more suitable cabinet for the coins of the society.

EDITORIAL.

WE have reached the completion of the tenth volume of *The Antiquarian*, and on quitting our labours we feel that we may fairly claim that the book will compare favourably with any of its predecessors. The circulation of such a publication is necessarily limited, but we are confident that our subscription list might be considerably increased if our present readers would aid us to make the work more widely known. We shall enter upon our next volume hopefully.
