LEATHER.—The local demand for sole is hardly so brisk as last month, but prices are very stiff, and some large Western tanners instruct their agents to quote half a cent higher. In dongolas and colors there is a steady business doing, pebble, grain, and other black leathers quiet. Several failures, among shoe manufacturers of moderate calibre, are noted in our summary columns. We quote: Spanish sole, B.A., No. 1, 24c.; No. 2, 22 to 22½c.; No. 1 ordinary Spanish, 23 to 24c.; No. 2, 20 to 21c.; No. 1 slaughter, 26 to 28c.; No. 2, do., 24 to 25c.; common, 20 to 21c.; waxed upper, light and medium, 30 to 35c.; do., heavy, 27 to 30c.; grained, 32 to 35c.; Scotch grained, 30 to 35c.; Western splits, 21 to 24c.; Quebec do., 16 to 18c.; juniors, 16 to 17c.; calf-splits, 30 to 35c.; calfskins, (35 to 40 lbs.), 60 to 65c.; imitation French calfskins, 65 to 75c.; colored calf, American, 25 to 28c.; Canadian, 20 to 24c.; colored pebble cow, 13 to 15c.; russet sheepskins linings, 30 to 40c.; colored, 6 to 7½c.; harness, 24 to 27c.; buffed cow, 13 to 15c.; extra heavy buff, 15c.; pebble cow, 11½ to 13c.; polished buff, 12 to 13c.; glove-grain, 12 to 12½c.; rough, 22 to 23c.; russet and bridle, 35 to 45c.

METALS AND HARDWARE.—The stiffness in ingot tin, copper and lead is firmly maintained, and no shading of the recently advanced prices is being indulged. 18½c. is quoted as the inside figure for ingot copper, and 26¾c. for L. & F. tin. For coke tinplates, some houses are asking \$3.25, and better grades proportionately higher; Terne plates are also held rather firmer.
