Mercantile Summary

McMORRAN'S flour mill, near Sarnia, was burned down this week with heavy loss.

It is proposed in Carleton, N.B., to build a new schoolhouse at that place at a cost of from \$12,000 to \$15,000.

THE Pittsburg Reduction Company's factory at Shawenigan Falls is now far advanced towards completion, and will soon be ready to begin operations.

THE Shipbuilding, Dry Dock and Wreckage Co., of Collingwood, limited, has been authorized to change its name to the Collingwood Shipbuilding Co., limited.

MAJOR ROTHWELL, of Windsor, has organized a syndicate to buy the property known as Brighton Beach, near that place, and convert it into a fine summer resort.

LAMB'S biscuit factory in Ottawa has been burned down. Loss, \$10,000; insured. Julian's undertaking establishment next door was also destroyed at a loss of about \$2,000.

THE Chateau Frontenac Hotel at Quebec is to be increased in size by the addition of 250 rooms. This will render it one of the largest hotels on this continent, with accommodation for 1,000 guests.

THE Dominion Government has decided to make no official exhibit at the Pan-American Exposition at Buffalo next year, but, at the same time, expresses its willingness to render all possible assistance to exhibitors from this country. Two Canadian agents have been appointed for the Exhibition, namely, Mr. Grant Henderson, at Vancouver, and Mr. George Cameron, at London.

WINNIPEG people are jubilating over what would appear to be an earnest effort on the part of the Dominion Government to render perfectly feasible the navigation of Red River from the boundary at Emerson to Lake Winnipeg. The Government engineer has already received instructions to take soundings and observations. Altogether, including the work of dredging at St. Andrew's Rapids, the improvements will cost in the neighborhood of \$1,000,000.

In connection with the marketing of this season's salmon pack, many unusual conditions have developed, according to The British Columbian of 7th inst. As the state of the industry has not been normal, the disposition of this year's product has been attended by new features. R. V. Winch, of Vancouver, has this to say regarding the world's salmon supply: "Outside of Alaska, the British Columbia and American catch is conservatively estimated at being 1,000,000 cases short, and if all Alaska's cans are filled, the shortage will be about three-quarters of a million cases. Last year the total catch was 3,100,000, with no carry over; in 1898 when the total pack was two millions and a half, over half a million cases had been carried over from 1897; a year in which 3,100,000 cases were packed; this year the estimated world's pack is 2,500,000 cases, with no old stocks on hand."
