

S.O. 43

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

ENERGY

STATUS OF ARCTIC PILOT PROJECT

Mr. Howard Crosby (Halifax West): Madam Speaker, I rise under the provisions of Standing Order 43 on a matter of urgent and pressing necessity. The \$2 billion Arctic Pilot Project promoted by Petro-Canada promised new advances in shipbuilding and marine technology, industrial development for the Canadian East Coast, and access to a world market for Arctic gas. However, this vital project has been seriously delayed and is now stalled before the National Energy Board. Therefore I move, seconded by the Hon. Member for Annapolis Valley-Hants (Mr. Nowlan):

That this House direct the Minister of Energy, Mines and Resources to review the status of the Arctic Pilot Project and ensure that this vital ocean energy initiative is not drowning in the Government's sea of bureaucracy.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

NUCLEAR ARMAMENTS

CALL FOR DEBATE ON CRUISE MISSILE TESTING

Mr. Sid Parker (Kootenay East-Revelstoke): Madam Speaker, I rise under the provisions of Standing Order 43 to ask for the unanimous consent of the House to deal with a matter of urgent and pressing necessity. In view of the fact that the Government would not permit a debate in the House of Commons on the testing of the Cruise missile in Canada, in spite of the fact that this weapon represents a dangerous new step forward in the arms race, I move, seconded by the Hon. Member for Spadina (Mr. Heap):

That this House instruct the Government to provide for one day's House business in which this House can debate the testing of the Cruise missile on Canadian soil.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

THE ADMINISTRATION

EXPRESSION OF CONDEMNATION

Mr. Gordon Taylor (Bow River): Madam Speaker, whereas this Liberal Government is reneging on its agreement and changing the legislation regarding indexing of pensions for retired army personnel, retired RCMP and retired civil servants, which is shameful, while the Prime Minister and the Government refuse to investigate let alone cancel the permit given by the Minister of the Environment (Mr. Roberts) to friends in Banff which will desecrate a beautiful park, I move, seconded by the Hon. Member for Simcoe South (Mr. Stewart):

That this House condemns this callous Government which tries to kid the people by calling dictatorship leadership.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

EXTERNAL AFFAIRS

REQUEST THAT GOVERNMENT REFUSE TO TEST CRUISE MISSILE FOR UNITED STATES

Mr. Lorne Nystrom (Yorkton-Melville): Madam Speaker, I rise on a matter of urgent and pressing necessity, under the provisions of Standing Order 43.

In order to maintain our country's credibility as a defender of world peace, I move, seconded by the Member for Saskatoon East (Mr. Ogle):

That the Canadian Government turn down any requests by the U.S. Administration and President Ronald Reagan for testing their new cruise missile system here in Canada.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

MINES AND MINING

PROPOSED CENSURE OF MINISTER

Mr. Thomas Siddon (Richmond-South Delta): Madam Speaker, whereas the Minister of State for Mines (Mrs. Erola) has once again shown her lack of appreciation for the problems endured by the Canadian mining industry as revealed by her comments in New Brunswick yesterday where she said that the Government can do little to help the slumping mining industry, and whereas this continuing effort to put the blame for the
