My dear General Currie:

I have received a letter from Mr. Pyke of the Workmen's Compensation Board in connection with the case of Mrs. Mary Brinkman and I am sending you herewith a copy of it. The matter is not ended yet, but frankly I have very little hope of success. Mr. Pyke's last paragraph is very significant, ~~and~~ were it not for the fact, disclosed therein I ~~am~~ ^{would be} prepared to make a very determined fight for her. Under the circumstances, however, I do not think she has a particularly strong claim, but in view of your recommendation I will do everything I can.

With kind regards,

Yours sincerely,

Victor W. Odlum
