Grand Total.....	8,903	4,451	4,452	1,778	5,788	1,337

* This school is now known as St. Michael's and is so designated in the report of the Catholic Board of Education.

† Both figures carrying the dagger must be combined to get the children of school age in the case of the Collegiate Institute.

‡ St. Mary's and St. Martin's are two different schools, in two different parts of the city. The cards were, however, inextricably mixed and are reported together.
