

gus, 35 to 40c per dozen; rhubarb, 7½c per pound.

**HIDES**—The scarcity of fat cattle throughout the country makes the hide business quiet, and we note a light trade being done here. The quality of offerings is much improved of late. We quote: No. 1 hides, 5½c per pound delivered here; No. 2's, 4½c; No. 3's, 3½c; kips, 7½ to 8½c; veal calf, 7c to 8c, deakins, 25c to 40c, slunks, 15 to 20c, horse hides, \$1 to \$1.50.

**WOOL**—Manitoba wool is arriving in small lots. Dealers are buying at 7½c per pound.

**TALLOW**—No. 1 tallow is worth 4c per pound here. Second grades 3c per pound.

**SENECA ROOT**—The rains has interfered with digging to some extent, but there is some root coming in for which from 20 to 24c per pound is being paid, according to quality.

#### LIVE STOCK.

**CATTLE**—Choice beef cattle are very scarce, in fact, there are none to be had. Common to good butchers' stock are coming in in small lots, barely enough to supply the local demand. Reports from the ranges state that the cattle are fattening rapidly and will be ready for shipment about the usual time. The best stock now offering here bring about 4½c per pound, with an occasional picked lot going at 5c. The range is from 4c to 4½c for mixed lots. These are high prices and cannot last after the range cattle are ready to ship in numbers.

**SHEEP**—Trade is quiet and steady. Choice mutton sheep are worth about 5c per pound and the range of prices for both sheep and lambs is from 4½ to 5c.

**HOGS**—There has been a better movement of live hogs, this week, due to the high quotations now prevailing. The market holds firm at 6c per pound for choice packing hogs. Heavies and inferior grades range from 5c up.

**MILCH COWS**—Supply is limited and there is not much demand. We quote \$30 to \$40 per head, according to grade.

**HORSES**—There is not much demand for horses at present. A few are being taken every week for replacing work horses about the city, but outside of this small demand there is but little doing. Dealers expect a revival in the trade from now on. The market is being supplied at present with Ontario horses, as those from the western states are becoming too dear. Western horses will be in the market shortly. Work horses are fetching all the way from \$125 to \$200 each, according to weight and quality.

The money disbursed in Canadian bank dividends on June 1 amounted to more than at any period in the history of the institutions. This due to the fact, in some instances that dividends have been increased, while in others, banks have increased their capital. The total paid up capital of the banks in the two provinces of Quebec and Ontario, which pay dividends in June is now \$18,000,000, against \$13,785,000, and the aggregate sum distributed in dividends amounted to \$1,918,000, against \$1,724,325 last year.
