SPARKS STREET and MARIA STREET, Ottawa, Ont.  
Cancer cured by a new, but certain, speedy and nearly painless process, and without the use of the knife. The cure will be guaranteed, and no pay is required until the cure is complete. The moment a cancer is discovered, it should be cured, then, when of longer standing, and there is nothing to gain, and everything to lose by delay. What may seem a harmless lump in the breast, neck, eyelid, or elsewhere, or small wart or sore on the lip, may in a few months become a hideous disgusting mass of disease. If required, references can be given to parties who have been cured many years since, and who are now sound and healthy. All communications promptly answered.
