Vital to Home-Makers

Of vital interest to home-makers and home-furnishers is the fact that many factories for furniture and mills for rugs have had to curtail their production. Others are engaged on war orders for the United States and Canadian Governments. Thus a new situation has arisen, and though our buyers are doing their best to meet it, everything points to higher prices. The stocks we have on hand are large and well assorted. So far we're lucky, and if you supply your home needs at present prices you'll be lucky. We invite and urge you to do so, and are ready to help further if necessary by our Home-Lovers' Club plan, which makes it easy for Home Owners to anticipate their requirements. Deferred payments. No interest or other expense. Consult Club Secretary, Fourth Floor.
