# EATON'S DAILY STORE NEWS

## Chiefly Concerning Boys' Fall Footwear

At a very opportune time comes this announcement of the arrival of the new boys' boots for fall wear. In a few weeks the schools re-open and thousands of boys will be flocking back to take up again their studies broken off by the long vacation. With such an event "in the offing," the need of strong, serviceable and neat boots for the boy is apparent. Parents, therefore, should look ahead, and in preparing his school "duds" should make sure a pair of these durable shoes is included.

### Fall Weight Boots in Good Styles

Boys Box Veal Blucher Boots, good wearing solid soles, medium round toe shape. Sizes 11 to 13½, pair, \$2.45; 1 to 5½, pair, \$2.75.

Boys Extra Strong Boot, box kip leather, specially constructed soles, sewn and nailed; the tops are Blucher style, in easy-fitting shapes. Sizes 11 to 13½, pair, \$2.90; 1 to 5½, pair, \$3.25.

Boys Heavy Grain Blucher Boots, of solid leather, will stand hard knocks. Sizes 1 to 5, black, \$2.85; tan, pair, \$2.95.

Boys Box Kip Blucher Boots, with McKay sewn soles. Sizes 11 to 13½, pair, \$3.00.

Boys Fine Gunmetal Calf Blucher, Goodyear welt, sewn soles. Sizes 11 to 13½, pair, \$4.00.

Boys Fine Velour Calf Laced Boots, in the popular English re-  
cede shape, Goodyear welt soles. Sizes 1 to 5½, pair, \$4.95.

Boys Tan Calfskin Laced or Blucher Boots, recede or round toes, Goodyear welt, oak tanned soles. Sizes 1 to 5½, pair, \$5.50.

### Boots For the Girls and Smaller Boys

Boys Dongola Kid Button Style, with low heels and patent tip. Sizes 8 to 10½, pair, \$2.45; 11 to 2, pair, \$2.85.

Boys Dongola Kid, in laced Blucher style, with dull leather tops and low heels. Sizes 11 to 2. Per pair, \$3.20.

Girls Box Calfskin Button Boots. Sizes 8 to 10½, pair, \$2.35; 11 to 2, pair, \$2.95.

Girls Fine Dark Chocolate Kid Button Boots, with heavy turn soles; spring heels. Sizes 8 to 10½, pair, \$3.25.

### Boots For the Larger Boys

Gunmetal laced, in recede shape, with Neolin Goodyear welted soles. Sizes 5½ to 11. Pair, \$4.95.

Dark Tan Laced Boots, in recede shape, with Acme fibre soles, Goodyear welted. Sizes 5½ to 11. Pair, \$5.45.

### New Fall Boots For Men

Black Gunmetal Laced Boot, recede shape, Goodyear welt, Neolin soles and solid rubber heels. Sizes 5½ to 7. Pair, \$4.95.

Dark Tan Laced Boot, recede toe, Goodyear welt, Acme fibre soles and Cat's Paw solid rubber heels. Sizes 5½ to 11. Pair, \$5.45.

Dark Mahogany Tan Calf Laced Boot, smart English recede shape, Goodyear welt, Neolin or leather soles. Sizes 5½ to 11. Pair, \$7.00.

Dark Mahogany Tan Calf Blucher, medium round toe, Neolin sole and rubber heel, Goodyear welted. Sizes 5½ to 11. Pair, \$7.00.

The New Tan, a fine quality of calfskin, in Blucher cut, medium round toe, Belmont shape, Goodyear welt, oak tanned soles. Sizes 5½ to 11. Pair, \$7.50.

Black Gunmetal Calf Blucher, Goodyear welt, Acme fibre or leather soles. Sizes 5½ to 11. Pair, \$5.50.

—Second Floor, Queen St.

## Men's Negligee Shirts, Specially Priced, at \$1.15

A fresh shipment just received from a leading Canadian manufacturer. They are well made in cotton style, with either laundered or soft double cuffs. There is a good variety of striped patterns in hair-line or cluster effects, blue, tan, green, black or helio on plain grounds. Sizes 14 to 17½. Special, \$1.15.

### Also These Excellent Values

## WAR PROFITS TAX EIGHTY PER CENT.

Ways and Means Committee  
of Congress Accepts Fully  
Treasury Plan.

Washington, Aug. 19.—The ways and means committee has accepted fully the treasury department plan for the imposition of a war profits tax of 80 per cent. The only remaining difficulty is in straightening out some of the details. The excess profits tax is still in process of modification to suit both the committee and the treasury.

In the treasury plan for a war profits tax, it was provided that the general pre-war earnings of various kinds of business in eight classifications was to be the scale of how much should be allowed for ordinary earnings before putting the 80 per cent tax on the balance. This did not meet the full approval of the committee and only three classifications are desired.

12 Per Cent.  
The treasury wished to classify business generally under manufacturing, mining, mercantile, financial, transportation by land, transportation by water, public utilities other than transportation and miscellaneous.

The committee tentatively adopted the following plan, which has been sent to the secretary of the treasury for his approval:

Classification of business in three classes as:  
1. Mining and businesses generally where the hazard of loss is great.  
2. Miscellaneous, including all sorts of business except those classed in 1 and 3.  
3. Financial.

The deduction from net income which would be allowed before imposing the 80 per cent war tax on the committee plan would be 13 per cent. The deduction in class 2, where the hazard of loss is not so great, would be 10 per cent, and all sorts of business included under class 3—financial—would be allowed a deduc-

tion of only 8 per cent. Final action on this plan will not be taken by the committee until it hears from Secretary McAdoo.

Important changes were made in the bill, one of them at the suggestion of the treasury. This was to change the provisions for instalment payments of income taxes. The new plan is to require a payment of one-third of the tax when the return is made, one-third within two months after this, and one-third two months later, with no deduction for payment of the tax in full when the return is made.

The most important change in the bill and one which may not remain in the bill is the establishing a differential between earned and unearned incomes in regard to the income tax. The present normal tax of 10 per cent, with the exemptions and the abatement agreed upon, remains in force in respect to earned incomes, but the normal tax on unearned incomes was increased to 15 per cent.

## Thirty Thousand Arrests in Petrograd Reign of Terror

Washington, Aug. 19.—Petrograd's reign of terror is reported raging unchecked in an official despatch from Stockholm. It is estimated that 30,000 arrests have been made since the beginning of August among army officers and middle-class citizens. The Bolshevik chiefs are said to be on board the warship Aurora in the roadstead at Kronstadt, prepared to sail for Germany in case of a successful uprising against them.

### CAR GOES OVER BANK.

Ottawa Party Has Thrilling Adventure on Big Hill.

Perth, Aug. 19.—Their motor car getting out of control when ascending the steep curving hill at Flower station today, A. Gilmore and party of Ottawa toppled over a bridge at the ravine, a distance of 13 feet. The car turned over, two of the occupants being precipitated into the mud. Mr. Gilmore received a number of serious injuries but will recover. The car was with little damaged, and after being drawn back to the roadway by a team was driven homewards under its own power.

## DOZEN PERSONS HURT IN WRECK NEAR BUFFALO

Buffalo, N.Y., Aug. 19.—An east-bound New York Central express train, which left Buffalo at 3.25 o'clock this afternoon, was wrecked two miles west of Bergen, near Mann's Crossing. The engine and eight coaches left the rails and all but one of the coaches overturned in the ditch, yet not more than a dozen persons were injured and none of them seriously.

The engine came to a standstill 500 feet away from the nearest coach. It ran 1500 feet after leaving the rails and stopped in an orchard, after crashing through two telegraph poles, a number of cedar fence posts and trees.

### BOY IS KILLED.

Falls From Bicycle and Passes Away in Belleville Hospital.

Belleville, Aug. 19.—Cecil Eugene Babcock, 14, while riding a bicycle on a downgrade, about a mile from his father's home near Rednersville, was thrown and the machine struck his head near the right temple. His knee cap and right leg were torn. He was able to ride home and tell his parents that he was suffering an intense pain in his head. He was brought to Belleville by car and died two hours later in the hospital.

### KILLED IN EXPLOSION.

Winnipeg, Aug. 19.—One man was killed and two were injured seriously in an ammonia explosion at the Swift Canadian packing plant at Elmwood, this morning. C. C. Beckman, the chief engineer, was killed; W. V. Cooper, gas engineer, was seriously affected by the fumes, and Geo. Mitchell suffered injury to his eyes. A valve blow-out is believed to have been the cause of the accident. A date will be set for an inquest later.

### BELLEVILLE CONTRACTOR DIES.

Belleville, Aug. 19.—Ex-Ald. Walter Alford, 74, died this morning. He was a contractor and builder and was born in Devonshire, England. He came to Canada in 1870.

## CANADIAN PRISONER ESCAPES THRU RUSSIA

Pte. H. E. Drope Arrives in London After Getting Away From East Prussian Camp.

London, Aug. 19.—The first Canadian prisoner of war to escape by land from Russia is Pte. H. E. Drope, who reached London today. He was formerly an insurance agent at Regina, and he was captured while working in the Sanctuary Wood, in June, 1916. He was sent to East Prussia the following August, and was employed in reconstruction work. He was sent to Heilsburg, one of the worst camps in Germany, where he spent 18 months. He escaped with two Russians across Poland, the journey taking 35 days. He eventually reached Grodno, where the Bolsheviks gave him free transportation to Moscow. He there fell in with the British economic mission and returned with them to London.

## China Sends Large Forces To Prevent Enemy Inroad

Washington, Aug. 19.—The Chinese Government has sent a large force of troops to the Siberian border to prevent a threatened invasion of Chinese territory by German and Hungarian prisoners of war who joined with the red guard and other elements of the Bolsheviks against the Czech-Slovaks in the Trans-Baikal region.

### RAISE FOR TELEGRAPHERS.

Washington, Aug. 19.—In announcing his approval of a ten per cent. increase in the wages of the employees of the Western Union Telegraph Company, Postmaster General Burleson said today the increase would be discriminatory in any manner. The increases will apply to all employees, not only to those who join the association formed by the company before the government assumed control.

### U. S. MEN IN SIBERIA.

Vladivostok, Aug. 18.—A second transport carrying American troops has arrived at Vladivostok. The transport bearing the first contingent of American soldiers entered the harbor yesterday, after a voyage of seven and a half days from Manila.

## DESERTERS SUSPECTED OF ROBBERING STORES

Burk's Falls, Aug. 19.—Burglars entered the store and postoffice of St. Catharines, a small village about five miles south of Burk's Falls, and succeeded in getting away with goods and valuables worth a hundred dollars.

It is believed that the burglars are part of a gang operating in various parts of the eastern section of the district of Parry Sound. Only a few nights ago Troyer's store at Magnetawan Village, was entered and thirty dollars in cash, a quantity of hams, bacon, canned goods and other articles were taken.

The latter were traced some distance by the direction of Seguin Falls by District Constable Stewart, but the trail was lost before locating the thieves. At Maple Lake station several shots were exchanged between the storekeeper and the burglars. There is a reign of terror in some sections and the marauders seem to take more food than anything else. It is generally believed that most of them are deserters or slackers who have taken to the woods to evade the Dominion military police officers.

### POTATOES DISCUSSED.

Quebec, Aug. 19.—E. J. Howitt of the O.A.C. has just returned from attending a meeting of American plant pathologists at Buffalo, which was ordered by the national authorities to discuss the potato situation and supply information for the growers that would improve the crop. Thirty-one representatives were present from the U. S. and Canada and reports were given of some important experiments. Prof. Howitt has visited several parts of Ontario, looking into the potato question, but cannot yet say how the late crop will turn out. He is confident that it will not experience the fate of the early variety. Northern Ontario has a fine crop. On his return Prof. Howitt will investigate conditions in Niagara district.

### PTE. H. B. GUEST WOUNDED.

Ottawa, Aug. 19.—Advices received here state that Pte. H. B. Guest, a former member of the Ottawa Press Gallery, has been wounded in action in France. Pte. Guest sustained a gunshot wound in the elbow.

## GERMAN SUBMARINES POSTED FROM SHORE

Washington, Aug. 19.—American naval officials now concede the possibility that German submarines operating off the Atlantic coast have been in communication with persons on shore and even may have landed members of their crews.

It was learned today that the navy has a report that an officer of the American steamer O. B. Jenkins saw and recognized in a New York edition a submarine officer who boarded his ship off the coast. The American turned to call a companion's attention to the German and the latter disappeared.

Two of the raiders who have been off the coast now are declared to have ceased operations, one of them not having been heard from since the was bombed. American naval estimates place the total number of German submarines destroyed by the allies at more than 200, and the number believed to be in commission is between 150 and 350.

## CANADIAN CHAPLAINS BEAR HEROIC SHARE

London, Aug. 19.—Canadian chaplains took a heroic part in the recent big show. Capt. W. S. Davis, M.C., Alberta battalion, recommended for the Victoria Cross for work in No Man's Land at Passchendaele a year ago, is reported killed, with a shell, leading a stretcher party.

Capt. A. Madden, M.C., senior chaplain, 4th division, is reported wounded in his knee. Capt. A. Madden, M.C., is reported wounded the second time while dressing wounded soldiers.

### JAPS WANT RAILWAY.

Peking, Aug. 19.—The movement of Japanese troops from Changchun, on the Mukden-Harbin Railroad, has been further delayed. This delay is due to the demand made by the Japanese that they guard and virtually control the operations of the Chinese Eastern Railway. The Chinese officials, supported by the entente allied representatives in Peking, have declined to consent to the taking over of the railroad by Japan.

## ALLIES UNDERRATE ENEMY IN SIBERIA

Substantial Force Must Arrive to Attain Objects Sought.

Vladivostok, Aug. 18.—General Dietrich, the commander of the Czech-Slovaks, in pointing out today the great odds his troops are facing, estimated the enemy strength at 40,000 men, with heavy guns and 200 machine guns. The status of the Czech-Slovaks in Trans-Baikal is unknown, he said, but it certainly must be desperate. To attain the object sought by the entente allied governments, a substantial force must be sent to the Manchurian front.

Doctor Yaronik Spacak, a member of the Czech-Slovak National Council, has left for Washington to acquaint Prof. T. G. Masaryk, the president of the council, with the situation of the Czech-Slovaks. Dr. Spacak told the correspondent that the Czech-Slovaks will abide by the decision of Professor Masaryk as to whether they shall proceed to France, which is their ambition, or stay in Russia to fight the enemy if given adequate support.

Opinion on all sides appears to be that the allied governments are underestimating the magnitude of the task of liberating the Czech-Slovaks and do not realize the necessity of actual warfare against superior numbers. In the absence of artillery, the British have equipped two gondolas with guns from a cruiser and sent them to the Ussuri front.

### DEATH OF N. B. MACKELVIE.

New York, Aug. 19.—The death from drowning on Saturday of N. Bruce MacKelvie, president of the Burke and Superior Mining Company, was announced today. Mr. MacKelvie was 39 years of age, a member of the firm of Hayden Stone and Company of this city, and a director of several mining and other corporations, including the Wright-Martin Aircraft Corporation.
