uniform are treated as spies, a uniform will be necessary, based on the customary dress of the frontier; hat, kerchief round the neck, shirt and overalls, which is a cheaper and better dress than the usual militady kit.

With permission of the authorities the men will train in shooting on rifle club lines, and in time the corps will develop active service contingents, equipped, armed and mounted, either for home defence or for the general defence of the empire.

So it is hoped that the legion will produce a unit of local guides and interpreters, for every possible seat of war; a strong corps of frontier scouts, a corps of sharpshooters to support them, and a pioneer branch to handle every known means of transport, whether pack-horse, railroad engine, motor car, or boat. The corps of voyageurs supplied by Canada for the Nile campaigns is such a unit as the legion will be able to supply in any emergency.

so the work of the legion in the field will be to guide the field force, to watch the enemy's movements, to strike with lightning raids behind him and blow up his lines of communication, but not to fight him, because that is the work of the army.

The council of the legion has headquarters at 6 Adam-street, Adelphi, London, and in trying to secure an honorary organizer in every Canadian district. district.
