THE FARM

The harvest is in. The Ontario than gave promise of, mostly turning while goose who year for the last year are except the province, which has been rust, the green yielding bumper. As high as 80 being threshed ral Ontario. Y that will acre, which away down.

On the whole, reason to feel returns this year them. There is complete failure been lighter the has been scarce acreage of corn who foresaw prepared for it tary green crop. Prices for are high. Dairy remained steady are not is to be a most affairs tie the situation.

we contend, of them all, his wants can means. It is a tentment from Ontario farm.

Many a young vice in search which flourish der our own O. Financial dreams of his agriculturist mind of the fertile acres, must eat his farm. Th on the sanest of all men, well why sh
