

but to one or more of its symptoms. To abolish any existing evil it is always *causes* we must work at, never mere consequences.

The "stomach tonics" which Mr. Foster hoped might relieve him may have done so for a moment on precisely the same principle that a sharp application of whip and spur wakes up a tired horse, not by giving him strength, but by rousing his reserved nervous forces, with a deeper reaction and greater weakness to follow. That is how it ever was and will be.

Mother Seigel's Curative Syrup restored this gentleman to real and genuine health by cleansing his system of the poison of disease and by removing the obstacles which prevented his retaining and digesting his food. A very simple thing, yet how hard to accomplish, oh! my friends.

This remedy does it however, as a host of witnesses all over the world constantly testify;—witnesses who say more in praise of its merits than you would have time to

Skin Diseases.

In this short paragraph we want to enforce only a single point. *All skin diseases, of whatsoever name or nature, are caused by IMPURITY OF THE BLOOD.* The skin is full of minute blood vessels. These carry the poison which is in the blood to the skin, and such poison produces an outbreak, according to what its special nature may be. Pimples on the face or body, erysipelas, salt rheum, ulcers, sores, boils, carbuncles, and every other disease—including tumors and malignant cancers—which shows itself upon the surface of the skin, signify that the blood is laden with the foul and putrid matters which are themselves engendered by indigestion and dyspepsia. Scabs in the hair, sore eyes, running from the ears, etc., come from the same cause, and can be gotten rid of in the same way, namely, by the use of Mother Seigel's Syrup.

When that venerable woman was sixty-five years of age her skin was white, pure and smooth as in childhood. This she attributed to the occasional use of her own medicine. The coarsest skin can thus be made soft and fine. Rashes, festers, fleshworms, liver spots, blackheads, disappear before the Syrup, as a fog before a fresh west wind. Men who like good looks, and women who like beauty, will do themselves a kindness by bearing this in mind.

Heart Trouble.

When you fancy you have heart disease the chances are a hundred to one that you have no heart disease at all, but indigestion and dyspepsia instead. The heart is located almost directly above the stomach, and when the latter is inflated by the gas arising from indigestion it often presses upon the heart and causes fluttering, palpitation, and faintness. Take a few doses of Mother Seigel's Syrup and you will commonly find you had no reason to be alarmed.
