ONTARIO CROPS ARE EXCELLENT.

August Bulletin of Agricultural Department-A Record Yield of Wheat for 1898. The following are the crop estimates of

the present year, as compiled by the Ontario Department of Agriculture | The acreage is final, but the yields of grain will be revised in November from actual threshing

890 bushels, an average of 24.1 bushels per acre. In 1897 the average was 25.2 bushels per acre. The acreage this year is the largest since 1883, when 1,097,210 acres

els, or 27.5 bushels per acre. The acreage has fallen steadily since 1890, when 701,328 acres were sown, but the yield of the past our years has been about stationary.
Oats-2,376,360 acres promise a yield of
82,132,026 bushels, being 34.5 bushels per e2,132,020 ousners, being 34.5 bushers per acre. The great increase in recent years may be seen from the following statement of the sixteen years: 1,375,240 acres, giving 64,476,051 bushels, or 34.4 bushels per

Rye-165,089 acres give 2,683,828 bushels being 16.3 bushels per acre. The average of 16 years was 16.2 bushels.

Peas-865,061 acres give 15,681,782 bushels, or 18.1 bushels per acre. The average for the 16 years' period was 19.9 bushels

Beans—45,220 acres give 831,698 bushels, being 18.4 bushels per acre. The largest yield was in 1895, averaging 20.5 bushels per acre.

Hay and clover—2,453,503 acres yield 4,399,063 tons, being 1.79 tons per acre.

This is an increase over 1897 of 587,545 tons, and over 1,000,000 tons above the average of 1882-97. The yield per acre has been equalled only once in the past ten years, in 1893. This report on hay and clover is final.

Other crops—In regard to other crops acreage alone can be given at present.

Corn for husking has fallen from 325 020 from 200 002.

The Chicago speculative wheat market

Wednesday Evening, Aug. 17.

The Chicago speculative wheat market was dult to-day, and under selling pressure all deliveries declined %c to %c per bushel. The late deliveries were the weakest on account of the prospects of heavy receipts. The demand for cash wheat prevented the near-by deliveries from receding to the same extent.

On the Liverpool board to-day wheat was aclined to be weak early, but firmed up nd closed stronger.

On the Chicago board to-day corn de-plined 1½c per bushel because of heavy quidation, caused by favorable crop re-crts. Liverpool malze was inclined to be reak to-day. Peas declined 1/2d in Liverpool, Colored cheese advanced 6d in Liverpool September wheat puts, 61%c; calls, 65%c. Corn puts, 31c; calls, 31½c.

Total clearances to-day of wheat were 50,000 busnels.

yield of 1898 promises to be the largest recorded by the department since 1883. The big increase this year is partly due to the fact that only 25,159 acres were ploughed up this spring, as against 55,47 in 1807. On the basis of acreage, yield and quality, the Ontario fall wheat crop of 1898 may be set down as the best since 1883 at least. Spring wheat—Spring wheat has an area of 389,205 acres, yielding 6,714,516 bushels, an average of 17.3 bushels per acre. The crop this year is the largest since 1801. In which year 510,634 acres gave 21.0 bushels per acre.

Barley—438,784 acres give 12.048,245 bushels, or 271.5 bushels per acre. The acreage less or 271.5 bushels per acre. The acreage follows:

not so.

The fall in Spanish bonds was really not suprising, the wonder here being that the price has been so good. The continued purchase of silver by Spain, stimulated by the new regulations as to the note issue of the Bank of Spain, naturally has a weakening effect on Spanish exchange, and this weakness tends to react on Spanish stocks.

New York Gossip

Henry A. King & Co., 12 King-street east, received the following despatch today from New York:

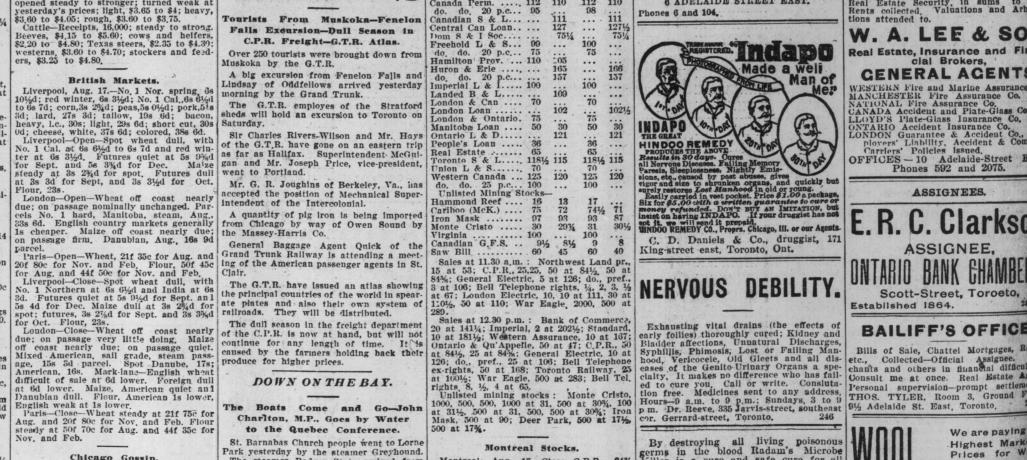

The stock market to-day was very active and in the main strong. At the opening there was considerable realizing, but the stocks were well taken. The strong features were C.O. Texas Pacific, T.C.I., B. R.T. and A.C.O. B.Q. was rather weak early in the day on reports that there would not be any increase of dividend, but on the report that 1½ per cent. had been declared the stock gained 3 points and held strong. The advances in B.Q. had a good effect upon the Granger list, and prices rallied sharp.y, Manhattan, however, being heavy all day. In the last hour Sugar advanced to 142 on covering of shorts, and Tobacco sold off 9½ per cent. from the highest on attempts to realize with no demand for the stock, but rallied to 143 and closed 140½. People's Gas suffered a loss from the highest of 3 per cent. on realizing. The Grangers held steady all day. The bond market was not active as of late, but was strong throughout the day.
