#### U. S. SAILORS MUTINY.

#### There Was a Hot Time on the U. S. Survey Steamer Blake

New York, May 24.—A despatch from Bridgeport, Conn., says: George B. Beardsley, formerly of this city, and whose father now resides here, is second officer in command of the United States survey steamer Blake. In a letter to his father, Mr. Beardsley writes of a serious mutiny which occurred on his ship while he was in command of the West Indian coast. Mr. Beardsley at first attempted to reason with the rebellious crew, but as they would not listen to him he used force and soon a number of the mutineers were killed and others were wounded. The mutineers were finally put in irons and placed in the brig. A report of the mutiny sent to the Government, but has not been made public.

#### LITTLE WILBERT WAS DROWNED.

Fell into the Clear and Was Not Found Soon Enough. Burlington, Ont., May 23.—A sad drowning accident occurred here last night, when Wilbert, the 13-month-old son of Robert Tuck of the lakeshore lost his life. The little fellow was playing around the house and fell into the clear with a view of 10 minutes in the water, but was beyond all aid when taken out. His parents are heartbroken.

A Magic Pill—Dyspepsia is a foe with which men are constantly grappling, but cannot exterminate. Subdued, and to all appearances vanquished, it may suddenly reappear in another direction. In many the digestive apparatus is as delicate as the mechanism of a watch or scientific instrument, in which even a breath of air will make a variation. With such persons disorders of the stomach cause much suffering. To these persons, the Vegetable Pills are recommended as mild and sure.

### THE TAMPA BOYS AT MADOC

#### They Gave the Mining People an Exhibition of Drill Which Was Interesting.

#### MINING MEN ALSO DRILLED.

#### The Day Was the Greatest in the History of the Town—Great Crowds Turned Out.

Madoc, Ont., May 24.—The special train from Toronto and Belleville, bringing the Tampa Cadets, arrived at 10 o'clock this morning. Eight railway coaches were crowded. The procession was formed at the station, with the Cadets leading the way. The Bicycle Club and members from Toronto, Belleville and Madoc taking part presented one of the best processions ever seen here.

#### A Mass of People.

The grounds in the afternoon were simply a mass of people. The drill by the Cadets was exceptionally good. The drilling contest by miners created great excitement, it being the first of its kind ever put on a program in these parts. First and second prizes were carried off by the Canadian Gold Fields team, who drilled 200 inches in hard rock in 10 minutes' time. The lacrosse match between the Tecumseh and Madoc teams was won by the Tecumseh in three straight sets. The mineral exhibition was one of the attractions of the day, and was pronounced by everybody as being grand. The Cadets were evidently well pleased with their trip, and appeared to enjoy themselves immensely, and, without exception, it has been the best celebration ever held here in every respect. The management are delighted with their success, and everybody is happy.

#### HOW'S THIS FOR A BIG FISH?

This Brook Trout, Caught by Mr. James Allego, Weighed Just Four Pounds.

There are thousands of followers of Izak Walton in Ontario who would shove up their last cent to catch a fish of extraordinary size. It is generally the man who least expects him who gets the big fellow. But Mr. James Allego of Simcoe

is one of the lucky men. Recently he caught a brook trout in the River Lyan which was 20 inches long, six inches broad and three inches through the back. This fellow weighed four pounds.

The Demon Dyspepsia—in olden times it was a popular belief that demons moved invisibly through the ambient air seeking to enter into men and trouble them. At the present day the demon, dyspepsia, is at large in the same way, seeking habitation in those who are careless or unwise living habits. And once he enters a man it is difficult to dislodge him. He that finds himself so possessed should know that a valiant friend to do battle for him with the unseen foe is Parmentier's Vegetable Pills, which are ever ready for the trial.

#### Was Seriously Hurt.

Dr. L. E. Rice, 20 Bellevue-avenue, who had his spine severely injured and received severe internal injuries in a bicycle accident in Detroit last April, and had been in Harper Hospital, was brought home last week. He is now able to be about a little, but it will be long time before he will be able to attend to his professional duties.
