Saw No Stones Thrown.

Sergt. Goulding cross-examined the doctor. He asked if he saw stones thrown that night, and the doctor replied that he had not. He did not know if there was a rope used. The students were not isorelly, and he had never seen them disturbed in five years that he had been with them on similar occasions.

Frof. Mackenzie corroborated Dr. Primrose. In reply to Chief Grasett, he said ne did not regard students as a privileged body. They were not uncivil, and were not throwing stones.

Dr. Moir said the students were quiet up till the time the mounted police rode up.

Dr. A. B. Wright said he went home with the students and saw the norsemen suddenly rush upon them, hitting them with their whips.

Dr. Davis said he saw two policemen, on foot with clubs. The boys were making the Varsity call, but not loud enough to disturb the people. The police said to the witness, "If you don't go home quietly, we will make things very hot for you." Then he saw the police spurring their horses forward into the mass of students. He saw three policemen using the whipstriking out indiscriminately, back and forth. They drove the students across the street into the Conservatory grounds. There was no cursing of the police; no stones thrown.

Principal Wilson Appointed Supervisor of Junction Schools at Salary of \$1000.

REARRANGEMENT OF TEACHING STAFF

School Still Subject of

Toronto Junction, Nov. 11 .- The Pubic School Board discussed at consithe meantime, however, the board will be obliged to pay Inspector Fotheringham about \$135 a year for inspecting the schools.

Trustee Hall feared that the increased expense was not justifiable at the present time. He did not think it advisable to spend about \$500 a year extra in order that Mr. Wilson might tell the board where roofs leaked and see that children attended school more regularly. Trustee Dalton never thought the move a good one until recently. He now favored the appointment, as trustees were continuaully being troubled these matters would then be handed

with complaints about home work, an i these matters would then be handed over to the supervisors. Trustee Mayety was of the opinion that there is an acceptance of the opinion that there is an ever been a thoro inspection. The principals had nerve enough to conduct a class before the inspector; but assistants were so nervous that they never did their best when the inspector was present. He favored the appointment of a supervisor who would be an assistant to the teachers. Trustee Rice said that it was generally understood that beginning next year the Model School term would run for a whole year. It would then be impossible for Mr. Wilson to take a class at Annette-street School, and a principal would have to be appointed to take his place. The appointment now would only be a little in advance of what would have to be.

On motion, Principal Wilson was appointed supervisor of the town schools at a salary of \$1000 a year. The teaching staff for 1903 will be as follows: Annette-street School, principal, Mr. Kaiser, at a salary of \$700 a year; assistants, Miss Coulter, Miss Thompson, Miss E R Brown, Miss Rorke, Miss Streight, Miss Ellis, Miss Rorke, Miss Streight, Miss Ellis, Miss Rorke, Miss Streight, Miss Culter, Miss Rorke, Miss Streight, Miss Carberry. Carlton-School, principal, B E Jewett, at a salary of \$750; assistants, Miss Constantine; assistant, Miss A Bull, St. Clair-avenue School, principal, H J Colvin, at a salary of \$500 a year; assistants, Misses Russell and Wixon.

Principal Wilson, in thanking the board for his appointment, said that the schools of the town were anything but uniform, and it would be his aim to make them uniform. He would point out to teachers their weak points.

the schools of the town were anything but uniform, and it would be his aim to make them uniform. He would point out to teachers their weak points, and hoped to bring the efficiency of the schools up to as high a point as any schools in Ontario. Chairman Dalton gave a verbal report of his visit to Annette-street School, and the sanitary condition in which he found it, which was criticised by Trustee Hall, backed up by medi-

Unionville Plowing Match. There's little danger in bicycle riding, but accidents happen daily.

Of course, when you least expect it you have a mishap, and there you are! Can you afford the luxury of being a cripple?

The annual match of the People's Plowing Association was held on the farm of John Webber yesterday. The soil was moderately heavy and admirably adapted for good work. About forty plowmen participated. The increased interest taken year by year in competitions of this nature is most encouraging to the directors and officers of this association. Thruout the day many visitors were present, among of this association. Over 2000 Men's Collars to be Cleared To-Morrow

You've noticed doubtless how ll our collars are stamped with name. When you find the collar that suits you you can always be sure of the one you want next time, knowing the name. Well, that's what we are so

areful about, preserving the dentity, as it were, of our collars. And that's what is the matter with this lot and that is why we refused to take them. The makers stamped them with a wrong name. They have since made us a big allowance for it, but we refuse to handle them in the regular way. We will have a sale of collars and turn them over to you at about one-third price, thus clearing them from our shelves and avoiding anv mistake. Those who buy them will please pay no attention to the brand, which belongs to another of our collars.

190 dozen Men's Linen Collars, 4-ply, all linen, hand laundried and hand made button holes, perfect in finish and workmanship, the lot consists of straight standing, also the very fashionable turn point or wing collar, in all sizes from 14 to 17, regular prices 15c and 20c each, on sale Thursday at less than half price, 4 on sale Thursday at less than half price, 4 .25
