

Miss McCallum a young lady connected with our Church and a member of Mrs. Stevenson's Bible Class has recently offered herself to the American B. of C. for F. M. as a Missionary to Turkey. Her application has been accepted. Miss McCallum expects soon to leave for her sphere of labour. The Sunday School Committee recommend that the sum of \$50 from the Mission Fund be presented to Miss McCallum.

To contribute to healthy reading-material and as a supplement to the Library, 50 copies of the Sunday at Home in weekly parts have been distributed among the scholars, excepting those of the Infant class, the intention being to place a copy in each family represented in the school.

These papers are returned at the end of each month, when they are given to Mr. Leet to be sent to schools in the country less favoured than ours, under the direction of the Sunday School Union.

A new Catalogue of the Books of the Library was printed and distributed in the beginning of the year together with Library Cards. By this plan the books are selected before coming to the School. It is worthy of note that more books were taken out last year than the year previous.

The regularity of attendance of the Scholars during the past year is a pleasing fact and worthy of notice, this applies specially to the Infant Class, unfavorable weather has never interfered with a good attendance of the little folks every Sunday, love and respect for a teacher who has made infant class teaching a successful study is no doubt the cause which has brought about such gratifying results. Mrs. Chs. Williams is the Teacher of this class, assisted by Mrs. Nowell.

It is not out of place to mention here that the sum of \$54.61 was collected by Mr. Jas. Taylor's class during the past year, an illustration of what may be done in a Sunday School class by regular and systematic giving. It is hoped that other classes will follow this example during the year 1883.

During the year there has been due regard to the service of song, occasional practices of singing and chanting taking place from time to time.

A very successful excursion of the Church and Sunday School took place last summer to Mississquoi Park. Complete arrangements for the comfort of all who went were made by the C. V. R. Co. The weather was fine and a most enjoyable day was spent by teachers, scholars and their friends. It is to be regretted that more of the Church and Congregation did not accompany the school.

The principal object of our meeting week after week we believe has not been lost sight of by us, and it is gratifying to know that good has resulted from the work of the past, additions to the Church from the ranks
