## ASKS THAT SIMS BE BARRED AS AN UNDESIRABLE ALIEN

Washington, June 14—Representative Gallivan of Boston introduced a resolution in the House on Friday, which, in the ordinary course, will be referred to the Committee on Immigration, to prevent Rear Admiral William S. Sims from returning to the shores of America, on the ground that he is an "undesirable alien."

Representative Gallivan's resolution reads: "Whereas, one William Sowden Sims, a foreign-born citizen of the United States, but now connected, unhappily and unfortunately, with the naval establishment of this country, in a speech in London, Eng., recently made a most vicious and un-American attack upon 18,000,000 citizens of this great republic in an apparent attempt to arouse the hatred of the English populace against America; and

"Whereas, on other occasions said Sims publicly stated that in case of a war between the United States and Great Britain one British ship could easily dispose of four or five American ships of corresponding type; and

"Whereas, repeatedly the said Sims has publicly depreciated the superiority of the navy of the United States and the character and quality of the government of this republic; be it

Resolved, by the Senate and House of Representatives of the United States of America in Congress assembled, That said Sims be barred from the United States, and that the President be and he is further authorized to take such action as may be necessary to prevent the said Sims from entering the United States."

**Pétrole Hahn**  
The World Renowned French Hair Tonic  
DANDRUFF is a sworn foe to healthy hair. Continuous falling, brittle hair and premature baldness are often caused by the use of "petroleum" which clogs the hair follicles and cuts off its nourishment. Pétrole Hahn destroys that microbe, removes the cause of dandruff, promotes growth, health and beauty of the hair. Satisfactorily used the world over. Try a bottle. At all good dealers. Canadian Agents: Palmers Limited, Montreal.

## THE SIMS RECALL

Washington, June 13—Senator Harrison, Democrat, Mississippi, introduced today a resolution requesting President Harding to inform the senate whether "there is as much reason and justification for a reprimand or the recall of Ambassador George W. Harvey for his Pillgrimage Day speech of May 19, 1921, as for the reprimand or recall of Admiral William S. Sims for his speech of June 7, 1921."

## DINNER TO VINCENT

London, June 13—The government entertained at dinner this evening Dr. George E. Vincent, president of the Rockefeller Foundation, and other representatives of the organization who are here attending a conference called by the colonial office on tropical diseases. Dr. Vincent expressed the hope that Great Britain and the United States would be bound together in the closest bonds of good will toward which nothing would contribute more than co-operation between the scientific men of the two nations.

## THE RAIL WAGE CUT

Montreal, June 13—On the authority of high officials of railway companies with head office in Montreal, the statement made Friday that railway wages will be reduced by an average of 12 per cent on July 1 was reaffirmed today. The conference to be held Friday between employees and officials of all lines will be of a purely informal character.

## FIRESTONE PUTS TIRES PRICES ON BASIC LEVEL

Prices for Firestone tires are now on the level that would be in effect if their Canadian factory were actually in operation. When the Firestone Company entered Canada they expected to be producing Canadian-made tires this summer. Unavoidable delays have retarded construction so that this was not possible. About two million dollars have already been invested in the Canadian plant and construction is being pushed as rapidly as possible.

However, the company has decided to place their prices on the same level as if their Canadian plant were operating. This will be a decided advantage to Canadian car owners who are paying no more for the Firestone quality than has made these tires known the world over as giving most miles per dollar.

## BOLSHIEV EYES ARE ON CONSTANTINOPLE

Constantinople, May 21.—(A. P. by mail.)—We are marching to Constantinople, the new war song of the Bolsheviks, is considered here to be significant in connection with the Bolshevik propaganda looking to the taking of the city. All railways leading to the chief Black Sea ports are said to be undergoing repairs to prepare them for heavy traffic. Helia Kun, Bolshevik commissary in the Crimea, is said to be putting the Crimean ports in good condition, meantime arranging to get coal from the Donets basin and encouraging the peasants to increase their crops.

## PRINCE TURNS TABLES

Balfour Spoke Latin, So Prince Spoke Welsh.  
London, June 11.—The Prince of Wales was installed at Cardiff as Chancellor of the University of Wales. Among those who afterwards received degrees from the prince were Right Hon. A. J. Balfour, Lord Haldane and George E. McClean, London director of the American University Union, in recognition of the work of the union in promoting Anglo-American University relations.

In his speech to the assembly the prince introduced a few sentences of Welsh. When later he handed the degree to Mr. Balfour, he remarked that last week Mr. Balfour had presented to him a degree at Cambridge and had addressed him in Latin, with which he was not very familiar. Now he repaid the compliment, and had the satisfaction of knowing that Mr. Balfour knew considerably less of his remarks in Welsh than he did of what Mr. Balfour said in Latin.
