VOTING MAY BE MADE COMPULSORY

Motion by Ald. Bedard in Montreal Would Penalize Failure to Exercise Franchise.

(Montreal Gazette.)

In order to protect the interests of citizens in municipal affairs, and as it is advisable that citizens should perform the important duty of going to the polls on election days, Ald. Bedard gave notice at the meeting of the city council yesterday of his intention to submit a motion requesting the Charter Commission to insert a clause in the new city charter on compulsory voting.

Ald. Bedard accordingly gave notice that at a subsequent meeting of the council he would submit the following motion:

"Whereas the object for which the Charter Commission has been constituted is to provide the city of Montreal with a good administration;

"Whereas, in order to have a good administration, it is absolutely necessary to have good administrators;

"Whereas, in order to have as administrators, upright and disinterested men, it must be possible for the candidates to be elected without discharging a cent, as much as it can hardly be expected that they will be upright and disinterested if they are called upon to expend \$10,000 to \$20,000;

"Whereas, it is advisable that the electors should perform one of their duties of citizenship, which consists in contributing to the election of their representatives, and that they should take an interest in municipal questions;

"Resolved, That the members of the Charter Commission be requested to insert in the new city charter in order to attain the above object, a clause enacting that voting shall be compulsory and imposing a penalty on those who fail to exercise their elective franchise, if such an enactment is within the powers of the said commission."

As it was but a notice, the question involved was not debated at yesterday's meeting.

WONDER INHUMAN FATHER NOT KILLED LONG AGO, SAYS JUDGE.

Nelson, B. C., May 13.—Agreeing with the view of Mr. Justice Morrison that it was a wonder that Seto Ginn Kee was not killed years before, a jury here yesterday acquitting Seto Pong of the charge of manslaughter. Among the practices of the dead Chinese logger was tying his son to a tree in winter and deluging him with water, after which he would force him down the hill.
