

THE EVENING TIMES AND STAR, ST. JOHN, N. B., THURSDAY, OCTOBER 10, 1918

Provincial Precautions To Prevent an Epidemic

Department of Public Health Wastes no Time
in Effort to Stay Progress of Influenza;
Some Results of New Regulations

Hon. Dr. W. F. Roberts, head of the provincial public health, and Dr. G. G. Melvin, chief medical officer under the new act, were in conference over the present situation throughout last evening. They announced afterwards that thirteen new cases of the disease had been reported yesterday in the city, which now makes a total of seventeen cases in the city proper. Speaking of the thirteen cases which were reported yesterday, Dr. Melvin said that these came in during the day and did not necessarily mean that all had come to light at once; many were the developments of "suspects."

The department of public health made known last evening that in view of the large classes of V. A. D. girls which have graduated in the city and throughout New Brunswick their services may at some future day be needed. It is asked of them to send their names to Hon. Dr. Roberts or Dr. Melvin, so that in case of the supply of professional nurses becoming exhausted their services could be secured. This action is being taken in event of not being able to get sufficient nurses to attend the cases that may arise.

It is asked by the bureau of public health that all stores and other establishments wherein there are more than twelve clerks or employees that they should be secured. This action is being taken in event of not being able to get sufficient nurses to attend the cases that may arise.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information to anyone who may find a complete cure without operation, if you write to me, Eugene M. Pullen, Carpenter, 42 E. Main street, St. John, N. B. Better cut out this notice and show it to any others who are ruptured, or have a hernia, or at least stop the misery of rupture and the worry and danger of an operation.

No More Piles

A Free Trial of Pyramid Pile Treatment is One of the Greatest Ever Offered. You are suffering something awful with itching, bleeding, protruding piles or hemorrhoids. Now, go over to any drug store and get a 50-cent box of Pyramid Pile Treatment. Relief comes so quick, you will jump for joy. If you are in doubt, send for a free trial package. You will be then be convinced. Don't take no substitute.

Doctors Stand Amazed at Power of Bon-Opto to Make Weak Eyes Strong---According to Dr. Lewis

Guaranteed to Strengthen Eyesight 50%
In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home
Philadelphia, Pa. Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that according to Dr. Lewis there is real hope for them. Many whose eyes were failing say they have had their eyes restored by this remarkable prescription and many who once wore glasses say they have thrown them away. One man after using it: "I was almost blind. I could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady writes: "My eyes were so weak I could not read. I was almost blind. I could not see to read at all. Now I can read everything without my glasses and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me."

LOOK! NEW BRUNSWICK'S SOLDIERS GOING TO HOMES TODAY

The following returned soldiers arrived by special car from Montreal at 9:30 last night, and are at the clearance depot. All will leave for their homes today.
George A. Atkins, Fredericton.
J. W. Boyd, St. John.
Charles Cadman, Sackville.
William Campbell, Moncton.
Frederick J. Campbell, St. John.
Thomas Carroll, Chatham.
Harold Carter, St. John.
Clyde Murray, St. John.
Harry B. Daley, Moncton.
James B. Duncan, Campbellton.
Joseph T. Elliott, St. John.
John E. Falek, Newcasale.
Edwin Gault, St. John.
Charles McEwen, St. John.
Charles H. McKay, St. John.
John M. McLeod, St. John.
James H. McGuire, St. John.
Zion McLean, Campbellton.
John W. Nowell, Woodstock.
Frederick J. Oshroff, St. John.
William Pitts, St. John.
Moses Parks, Arundel Junction.
Frederick J. Poirer, St. John.
Clinton Peterson, Centerville, Carleton county.

Prosser, Sussex.
Alfred Reid, St. John.
Erny P. Robideau, Shediac.
Alexander Silles, Dalhousie.
Alexander Stewart, St. John.
Patrick Sullivan, Dugoutown.
John J. Sullivan, St. John.
Robert Thorne, Fredericton.
Travis Thorne, Sussex.
Bernard Tusting, Sussex.
James F. Tynan, St. John.
James P. Ward, St. John.
Robert White, Grand Falls.
George Wilson, Moncton.
John W. Woodstock, Woodstock.
Charles Howard, St. John.
Guy B. Kitchin, Fredericton.
Stanley Frank Brown, Sussex.
John Leteunman, Campbellton.
Instructors returned from France:
David Graham, Campbellton.
James Wilson, St. John.
Henry Areson, St. John.
Capt. James McIntyre, senior conductor, officer in charge of party, Campbellton.
Capt. Joan Malenfant, junior conductor, Moncton.
Benjamin S. Harriman, Newcasale.
Cecil Harris, Fredericton.

He Cannot Sleep

IT isn't the body that craves rest, but the mind. When you are bodily tired you can usually fall to sleep at the first opportunity. But when the nerves are irritated by anxiety and worry rest and sleep seem to be impossible.

The mind seems to be most alert, and you are thinking, thinking, thinking, first of one thing and then of another—often matters of little or no importance. But you simply cannot sleep.

Sleeplessness is the most common and often the first indication of a breaking down of the nervous system. The object of sleep is to allow the body to rebuild tissue and the nerves to recover tone. Sleep is the ideal condition for this process.

If you cannot sleep you worry, and worry breaks down nerve cells at a tremendous rate, so that instead of laying up energy for the demands of the day you are using up the reserve.

The nerve centres are sometimes likened to storage batteries. If you continue to consume the nervous energy in reserve, without paying back, these centres become sooner or later depleted, and you find yourself a nervous wreck.

After a sleepless night you get up feeling tired and lacking in mental energy. Your day's work seems more than you can face, and you become down-hearted and discouraged.

The future is not bright, for you must realize that the natural result is exhausted nerves, paralysis, locomotor ataxia or some form of helplessness.

In Dr. Chase's Nerve Food is found the most natural and the most rational treatment for the nerves imaginable, because this food contains the vital substances which go to the building up of the blood and the depleted nerve cells.

Dr. Chase's Nerve Food does not induce sleep, but it does restore the nervous system, and after you have been using it for a few days you will begin to find yourself resting and sleeping naturally.

A little patience is necessary if your nervous system is greatly exhausted, but you will be encouraged by the benefits obtained to keep up the treatment until the exhausted nerves are fully restored, and you feel the energy and snap which means success and happiness.

Dr. Chase's Nerve Food, 50 cents a box, all dealers, or Edmanston, Bates & Co., Limited, Toronto. To protect you against imitations the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box.

German Army In Flight
New York, Oct. 9.—The Associated Press tonight issues the following:
The German armies are in full flight before the British, American and French forces on the front between Cambrai and St. Quentin. Cambrai, the strong point of the enemy in this region has been taken by the Canadians in its entirety and north of Cambrai the Canadians have deeply penetrated the German line.

Out in the open east of what once was the old Hindenburg line cavalry is hustling the retreating foe in what virtually amounts to a rout. So fast is the retreat that columns of the allied troops in parade formation have passed through numerous villages, completely out of contact with the Germans.

More than 10,000 prisoners and between 100 and 200 guns were captured in Tuesday's fighting and the continuation of the battle Wednesday resulted in further large captures. In the fighting 23 German divisions—more than a quarter of a million—have been severely handled.

The maximum depth of the advance is between eight and ten miles. The Germans are declared to be fleeing to the east of Leateau, one of the most important railroad centres in this region.

NECESSARY TO CLOSE ROAD.
Hon. P. J. Veniot, minister of public works, yesterday inspected the new road out the Marsh. He said that it was necessary to close the road in order to safeguard the public and make it possible to finish the work in a short time it would be necessary beginning next Monday to close that stretch of the road where the work is going on beyond the iron bridge near Coldbrook from 8 o'clock in the morning until 5 o'clock in the afternoon. During this time the Golden Grove route will have to be taken. Rapid progress is being made on this fine stretch of road now.

NEW WORK INSPECTED.
A party consisting of Commissioner Hilyard, of the water and sewerage department; Mayor Hayes and Commissioner Bullock and Fisher, R. W. Wigmore, M. P., Superintendent Sewell of the water and sewerage department, and Engineer Hare drove to Lake Fitzgerald yesterday morning and inspected the work in connection with the installation of the new water main. Commissioner Hilyard said afterwards that the work was progressing well considering the delay occasioned by recent heavy rain-falls. The rainfall was so great during the last storm that large boulders and tons of earth were carried back into the trench and caused considerable delay and additional excavation. If the weather is favorable, he said, the contractors expect to have the new pipe laid in the middle of November, if it is unfavorable it will take considerably longer. In addition to inspecting the installation at Lake Fitzgerald the party also inspected a section running through the rural cemetery.

CHARITIES BOARD PREPARES FOR WINTER
A meeting of the board of the Associated Charities was held yesterday afternoon at 117 Germain street with the president, W. S. Fisher, in the chair. There was a large attendance of members. The secretary's report was submitted and showed the work done during the season which has kept the ladies and gentlemen very busy. It was announced yesterday that the annual meeting of the society will be held in the middle of November. In the secretary's report it was pointed out that special relief would have to be given in certain cases immediately. This was granted by the board. The treasurer's report was also read. The society is greatly in need

of more funds if the work is to be carried out thoroughly during the coming winter as there is every likelihood of coal being scarce, especially among the poor, while the cost of living is going higher. The society would highly appreciate if persons desirous of contributing would leave their subscriptions with either J. E. Secord, King street, or with the secretary, Grace O. Robertson, 182 King street east.

The report of the secretary for the summer work of 1918 was as follows: Applications received, 378; seeking employment, 56; employment was found for 72; recommended, 81; seeking relief, 19; relief was given to 31; asking for transportation, 4; cases investigated (eight for other cities), 15. GRACE O. ROBERTSON, Secretary.

IT REALLY DOES
and pain, prevent festering and heal. This is why those who have once used Zam-Buk will never use any other ointment.
Miss Viola Hubley, of Upper Gosport, N.B., writes: "My sister had sores on her foot that commenced like boils and then discharged. She suffered such intense pain that she could not wear her shoes and had to remain in the house. We commenced using Zam-Buk and the pain soon disappeared. Then the sores stopped discharging and the fore long the places were entirely healed over. We shall never be without Zam-Buk again."
For eczema, blood-poisoning, piles, cuts and burns Zam-Buk is equally good. All dealers, 50c box.
