The new facial treatment

Try it tonight

To keep your skin so that you can always be proud of it, the following treatment is the most effective you could use—better even than massage.

Just before retiring, wash your face with plenty of Woodbury's Facial Soap and hot water. Rub it lightly in. After this, rise in warm, then in cold water. Then rub for five minutes with a lamp of ice.

Woodbury's Facial Soap cleanses the pores and makes the skin soft and supple. It causes the skin to become more active, so that it can take care of itself. Contains it every night for a week or two and you can see the difference.

Woodbury's Facial Soap costs 25c a cake. No one hesitates at the price after their first cake.

ALEXANDER OF TECK AS THE NEXT GOVERNOR-GENERAL

London Report That Soldier Prince May Succeed Duke of Connaught

The Times' London society correspondent writes:—

In well informed quarters it is believed that, should the Duke of Connaught, when he returns to England soon, on leave, decide that he cannot extend his period as governor-general in Canada, the post will most certainly be offered to Prince Alexander of Teck. His Highness is one of the most popular members of the royal family, and he has much of that kindly democratic spirit which has endeared the Duke of Connaught to the Canadians.

He is a man of very handsome presence and is a keen and capable soldier, who speaks well for his sound judgment that he never has supported any effort toward his own promotion. Both the late and the present king have in fact set themselves strongly against the fashion which prevailed in the time of Queen Victoria of promoting royal children and royal relatives to high posts in the navy and army.

Prince Alexander of Teck is still only a major in the Household Cavalry, and takes his turn of duty with other officers, acting in command of the men of his regiment who do dismount duty as well as mounted duty in London and at Windsor.

Princess Alexandra of Teck was Princess Alice of Albany, and is one of the prettiest and nicest women in London society. They both take a great interest in charitable efforts, and Prince Alexander himself has an office at the Middlesex Hospital, where he daily attends to the patients of that great and valuable institution.

TO PUT AN END TO VARSITY MOCK FUNERALS

London, Feb. 27.—Out of the features of Cambridge undergraduate life is threatened by the decision of the university and municipal authorities to co-operate in the attempt to put an end to the burlesque displays known as "mock funerals," carried out by the students when one of them "dies."

The decision has followed closely upon one of the most uproarious mock funerals that Cambridge has ever seen.

A popular student was expelled for breach of discipline, which his fellow-students regarded as a "sporting act," so they formed a funeral procession fully one mile long and escorted their friend to the railway station. All ordinary traffic had to wait as the cortege crawled through the streets, the mourners carrying a coffin with a weeping widow behind.

GOOD NATURED AGAIN

Good Humor Returns With Change of Proper Food

"For many years I was a constant sufferer from indigestion and nervousness, amounting almost to prostration," writes a Montana man.

"My blood was impoverished, the vision was blurred and weak, with moving spots before my eyes. This was a steady daily condition. I grew ill-tempered, and eventually got so nervous I could not keep my books posted, nor handle accounts satisfactorily. I can't describe my sufferings.

"Nothing I ate agreed with me, till one day I happened to notice Grape-Nuts in a grocery store, and bought a package out of curiosity to know what it was.

"I liked the food from the very first, eating it with cream, and now I buy it by the case and use it daily. I soon found that Grape-Nuts food was supplying brain and nerve force as nothing in the drug line ever had done or could do.

"It wasn't long before I was restored to health, comfort and happiness.

"Through the use of Grape-Nuts food my digestion has been restored, my nerves are steady once more, my eye-sight is good again, my mental faculties are clear and acute, and I have become so good-natured that my friends are truly astonished at the change. I feel younger and better than I have for 20 years. No amount of money would induce me to surrender what I have gained through the use of Grape-Nuts food." Name given by Postum Co., Battle Creek, Mich.

"There's a reason. Read the very book, 'The Road to Wellville,' in plain.

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

ONE DOSE RELIEVES A COLD—NO QUININE

Pape's Cold Compound Cures Colds And Grippe in a Few Hours

You can surely end Grippe and break up colds by using Pape's Cold Compound. This is not all that can be said for Pape's Cold Compound, as it is a splendid skin cleanser and healer. If you are troubled with such evils as blackheads, pimples or tan, by all means become a user of sulphur as it will prove a friend in need.

There is one drawback about the external use of sulphur and that is, when the fumes are inhaled, it is apt to make one cough and strange in an excruciating manner. Sulphur also has the ability to irritate the eyes very completely. From the above you can see it behooves you to shut your eyes and eschew breathing as much as possible when treating the face with sulphur. Forewarned is forearmed!

A sulphur treatment which cleanses the skin and whitens it consists in filling a bottle or jar with boiling water and throwing into the water a handful of sulphur.

When all is ready, cover your pretty hair with a towel and enveloping yourself and the kettle in a small sheet, incline the head until the sulphur steam plays directly upon the face. When the steaming has continued for say, five minutes, discontinue treatment.

Repair to the bedroom now and bathe the face with clear, tepid water, then with a sulphur lotion made by throwing a spoonful of sulphur in a glassful of warm water.

When this task has been accomplished, rinse the facial skin and dry it well. This treatment should be taken regularly twice a week for several months, by which time skin will be milk-white and fine-grained.

TO CALL FOR TENDERS FOR THE MUNICIPAL HOME

After two days' discussion in private session the members of the municipal council yesterday afternoon decided not to give an option on the municipal home property, as requested, but to call for tenders for the property. The meeting was called Tuesday to consider the request of the Eastern Trust Company for an option at \$150,000 and Cyrus F. Inches also requested that he be given an option on the property at \$152,500.

There was an animated debate on the subject and the meeting was adjourned until yesterday afternoon, when the matter was further considered, with the result that tenders are to be called.

Warden Carson after the meeting said that the price submitted by Cyrus F. Inches was for \$152,500, and that of the Eastern Trust Company was \$150,000, but that the council had decided to accept neither.

The warden was asked if The Norton Griffiths Co., Ltd., had asked for the property, but he replied that only the two requests had been made, but that Norton Griffiths Co., Ltd., or any other concern could now tender for the property.

Some of the county members of the council, after the meeting yesterday, said that they were in favor of the sale but they were voted down by the city members. Another member of the council said that one of the city members wished to have one of the offers accepted, but none of the members, who was seen after the meeting, seemed willing to give any particulars of the discussion.

NOBODY CAN TELL IF YOU DARKEN GRAY, FADED HAIR WITH SAGE TEA

Druggist Says When Mixed With Sulphur Prevents Dandruff and Falling Hair

Common garden sage brewed into a heavy tea with sulphur and alcohol added, then left to age and carefully filtered, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching, and falling hair.

Just a few applications will prove a revelation if your hair is falling, gray, dry, scraggly and thin. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about fifty cents a large bottle at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss. Some druggists make their own, but it isn't nearly so nice as "Wyeth's."

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur you can tell, because it does so naturally, so evenly. You just dampen a sponge or soft brush and draw it through your hair, taking one small strand at a time. Do this tonight and by morning all gray hairs have disappeared, after another application or two it will be restored to its natural color and be even more glossy, soft and luxuriant than ever. Local druggists say they are selling lots of "Wyeth's Sage and Sulphur," it surely helps folks appear years younger.
