NATIONAL COMMEMORATIVE WAR MONUMENT

Invitation to Sculptors, Artists and Architects to Submit Competitive Designs.

Architects to Submit Competitive Designs.

THE Government of Canada invite competitive designs for a National Commemorative War Monument which it is proposed to erect on Connaight Place, Ottawa, Canada.

The Competition is open to all Architects, Artists and Sculptors, resident in the British Empire who are British subjects by birth resident elsewhere. Also to all Architects, Artists and Sculptors, who are citizens or subjects of countries which were Allies or Associate Powers of the British Empire during the late Great War.

The total cost of the Monument, when completed and placed in position, including the base above the layel of the ground, is not to exceed \$100,000.0 Copies of conditions, with a plan and stographs of the site, may be obtained on application to the Office of the Secretary, Department of Public Works Hunter Bullding, Ottawa.

Each competitor will be given a free hand respecting the design, which is toonform with the suggestions contained in the first paragraph of the conditions. The competition will be in two stages and parties wishing to compete must submit designs in the form of drawings for the first stage. The second stage will require the submission of plaster models, from a limited number of competitors selected from the first stage. The authors, not less than six and not more than ten, of the best designs selected in the first stage will be eligible for submitting plaster models in the second stage. NEW YORK, March 23—The market became weak in the last hour Saturday on profit-taking and bad break in the traction group. We looked for lower prices again after the first rally last week, but did not expect selling to develop before this week. However, it seems that there is a pretty good chance of the market seeling lower again in the next few days, but on this break we think a number of stocks can be bought. Still feel that the speculative rails can be bought, particularly R. I., Mop. Pfd., Texas and W. Va. May Stores appears attractive around 105. Oils are a buy on lecessions.

reports which have been forwarded to their stockholders.

Total earnings of the United States Steel Corporation after making the usual year-end readjustments were \$161,183,467, a decrease of \$26,770,199 from the preceding year, Chairman E. H. Gary announced. Net income was reduced \$23,954,544 to \$104,221,974, and the year's surplus of \$24,266,339 was \$592.40. In making these announcements yesterday, His Lordship Bishop LeBlanc expressed his appreciation of the generosity of the people in their sustained interest in the altar fund, which was started in December, and also for their giving to the support of the orphans.

Speech From Throne Regrets

Assassination of Sir Lee
Stack.

CAIRO, March 23—Former Premier
Zaghlul Pasha was elected President of the Chamber of Deputies in the new Egyptian Parliament today, receiving 125 votes out of 210. King Fuad opened the new Parliament.
Premier Ziward Pasha read the speech from the throne, outlining the Government's programme. It was punctuated with applause, and at the termination there were cheers for the King.

Regrets Assassination.

The speech reiterated the deep regret felt by the Egyptian Government for the assassination of Sir Lee Stack, the Sirdar, and its best hope that his slayers would soon receive their merited punishment. Egypt's relations with Great Britain which had been affected by the situation, were again becoming those of their habitual friendship and good understanding, the speech said.

WELCOME.

An apple blossom in full bloom, white and fragrant, with fresh green leaves has come to the Times-Star office, testifying to the fact that spring weather is somewhere about. This beautiful harbringer of spring was sent on by a young man, who found it on a tree on the Gypsy Settlement road on Saturday, but who did not wish his name disclosed.

Troubliag You

No man or woman can make a mistake by flushing the kidneys occasionally, says a well-known authority. Eatling too much rich food creates acids, which excite the kidneys. They become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood. Then we get sick. Rheumatism, headaches, liver trouble, nervounces, diziness, sleep-lesses and urinary disorders often come from sluggish kidneys.

The moment you feel a dull ache in the kidneys, or your back hurts, or if the urine is cloudy, offensive, fill of sediment, irregular of passage or attended by a sensation of scalding, begin drinking a quart of water each day, also get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakful the kidneys, or your beak hurts, or if the kidneys, or yo

The Terms astounded Henry McDonald~

When the terms of the North American Life 20 Year Endowment Policy were ex-plained to Henry McDonald, he was at first astounded—then enthusiastic.

"Why you are really selling me \$5,000 in cash!" he exclaimed. "The annual payment on this policy is only about half the interest any bank would charge me on a \$5,000 loan.

"If I should die at any time during the life of the policy; you guarantee to hand my widow a cheque for \$5,000.

"No form of saving is more convenient and none so sure or profitable."

Henry McDonald was right. As a safe, profitable investment, you cannot equal an Endowment Policy. Yet you create an estate for your loved ones the instant you pay your first premium.
