The Light for the Bathroom

—should be ample—abundant—adequate. A cheerful, brightly lighted bathroom has an air of warmth and comfort, while a dimly lighted place gives one the shivers merely to contemplate.

The best lighting effect is produced from the use of LACO NITRO Lamps. They give a flood of pure white light of high intensity, and are of highest possible quality. Try a Nitro Lamp in your bathroom and note the difference. You will never again go back to a carelessly, dimly lighted room. The best results from LACO NITRO Lamps are obtained when they are used in fixtures to diffuse the light and prevent glare.

The more closely you consider the mechanical details and scientific marvel of a LACO NITRO Lamp, the more you will wonder that it does not cost many times its price.

Laco Nitro Lamps are made in Canada. Factory and Head Office—Montreal. They are sold by best Electrical and Hardware Dealers throughout the Dominion.
