CHAPTER XX-(Continued.)

Then this same Charlotte, having little linterest in life as to her own affairs, and forced to suck others, if she would keep her wits nourished, being watchful, saw me enter, and miss the ring, and heard the hue and ory which I raised. And then she still watching, saw Master Harry Wingfield, who with others was searching the house for the lost treasure, stop as he was passing the open door of Caterin's chamber, because the green light of the emruld fixed his eyes, and rush in and secrete the ring upon his person. This Charlotte saw, and told Madam Cavendish, who bound her over to secresy to save the honour of the family, believing that her own granddaughter Caterin was the thief.

This epistle, cousin, is to prove to yeu that Caterin was no thief, but simply a cold maid, who hath no love for either hearts or gems, but of that I complain not, havin as I believe, wedded wisely, if not to please my family, and three daughters and a son, hath my Betty given me, and most exceedin fine tarts hath she made, and puddens, and I die content, with this last writ to thee, cousin, to clear Caterin Cavendish, and may be of an innoant gentleman likewise.

I knew there were others ia prison, but knew not that three of them were led forth to be hung, which might have been my fate had I been free man, nor knew that another was released on condition that he build was released on condition that he build a bridge over Dragon's swamp.

This last chance my friends had striven sorely to get for me, but had not succeeded, though they had offered large sums, my brother being willing to tax the estate heavily. Some covert will there was at work against me and

vill there was at work against me, and it may be I could mention it, but I like not mentioning covert wills, but only such as be downright and exer-cised openly in the faces of all men. I lay there not so uncomfortably, being aware of a great delight that the to bacco was cut, whether or no, as indeed it was on many plantations, and the king cheated out of great wealth. This end of proceedings, with no Bacon to lead us, did not surprise nor disappoint me. Then, too, the fact that I was cleared of suspicion of theft in the eyes of her I loved and her family, the eyes of her I loved and her family, at least, alied me with an ecstasy which sometimes awoke me from slumber like a pain. And though I was quite resolved not to let that beloved maid fling away herself upon me unless my innocence was proved world wide, and to shield her at all costs to myself, yet sometimes the hone that in

myself, yet sometimes the hope that in after years I might be able to wed her me before any court of law. Catherine being the only one whose innocence was made plain, I could now tell my story with no fear of doing her harm, but let those believe my part of it who would! Still I may say here that I verily believe that I was at last cleared in the minds of all who knew me well, and for others I cared not.

My term expired agon after that date could steal away, Madam Cavendish being still in that state of hatred against me for my participation in the riot, though otherwise disposed enough to give her consent to our marriage on to give her consent to our marriage on the spot. And every day came my brother John and Catherine, and now and then Parson Downs. And the parson used to bring me choice spirits in his pocket, and tobacco, though I could touch only the latter for fear of inflaming my weunds, and he used to sit and read me some of Will Shakespaars's plays which he bose me my half brother, John Chelmsford, when confronted by any gate of injustice leaped it like an English gentleman, with no ade. And yet after I heard that letter I knew that I was a convict still, and knew that for some I would be until the end of the chapter, and when I grew a little stronger that wild hope that now I might have Mary dimmed within me, for how could I allow her to wed a man with a stain upon his honor? to sit and read me some of Will Shakespear's plays, which he bore under his cassock, and a prayer book openly in hand, that being the only touch of hypocrisy which ever I saw about Parson-Downs.
