ONE STEP MORE

Will be fatal to the sleep-walker. Will he draw back or will he take the final, fatal step? A great many people are in peril like the sleep-walker. They are diseased. The disease is progressing day by day. The time comes when one more step away from health is fatal. The man who has suffered from indi-

poisons from the sys-"The praise I would like to give your 'Golden Medical Discovery' I cannot utter in words or describe with pen," writes Jas B. Ambrose, Esq., of 1205 % Mifflin St., Huntingdon, Pa. "I was taken ingdon, Pa. "I was taken with what our physicians said was indigestion. I doctored with the best around here and found no relief. I wrote you, and you advised me to use Dr. Pierce's Golden Medical Discovery. I took three bottles and I felt so good that I stopped—being cured. I have no symptoms of gastric trouble or indigestion now."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

You can get the People's Medical Adviser, 1008 pages, paper covers, free by sending 31 one-cent stamps, to pay expense of customs and mailing only. Address Dr. R. V. Pierce, Buffalo, N. Y. Baby's Own Tablets

Save Children's Lives.

For sick, weak, nervous, fretful children there is nothing so good as Baby's Own Tablets. They promptly relieve and cure all the stomach and bowel troubles that afflict little ones; break up colds, reduce fever, and allay the irritation accompanying the cutting of teeth.

The Tablets can be given with perfect safety to the youngest, feeblest baby, as they are guaranteed to contain no opiate or harmful drug. For very small children crush the Tablets to a powder.

Would Not Be Without Them.

Mrs. L. Axford, St. Thomas, Ont., says:-" Before giving my little girl Baby's Own Tablets she affered from a disordered stomach. She vomited a good deal, and was very constipated, and pale and elicate looking. She was always a nervous child and did not sleep well. After giving her the Tablets there was a great change. Her stomach got better; she retained her food; her bowels became regular, and she has grown much fatter, and looks the picture of health. I also give the Tablets to my baby when his stomach is sour, or when he has colic, and they always do him good. I keep the Tablets in the house and would not be without them.

> Baby's Own Tablets are sold by all druggists, or will be sent post paid at 25 cents a box by writing direct to

seen the mare are at a loss to account for her moustache. The only theory they have advanced that Mr. King says is at all reasonable is one of "prenatal influences."

"I am inclined to believe there is something in it," says her owner. "The doctors argue that when Myra's mother was in foal some man with a heavy black moustache frightened her. This, they say, had its effect on the unborn coit.

"It's a fact that the hostler who took care of Queen Myra, the mother of my mare, did have a heavy black moustache, but I doubt very much if he ever purposely did anything to frighten her.

"As far as we know, he always seemed extraordinarily fond of Queen Myra. Still, we can't know, of course, how he treated her when we weren't about to watch him." So much for the cause. The fact is indisputable. The moustache on Myra's upper lip is as tangible as her tail and as much in evidence. It is six inches long on either side and heavy.

GETTING A YOUNG MAN.

A London Girls' Club recently issued a pamphlet describing the manner in which a home every evening is providcal age between school and marriage. The record of serious work is lightened by many touches of humor. "Once," says the writer of the pamphlet. "I saw a girl who had just come shoulder. I took an opportunity after-wards of protesting that this was not quite our style at the club. 'All right,' said the girl, with good humor, but will you please tell me what I'm to

The "BUCHANAN" BLEND

SCOTCH WHISKY

JAMES BUCHANAN & CO., GLASGOW, LEITH & LONDON.

"Our analysis shows this to be a remarkably pure spirit, and therefore adapted for medicinally dietetic purposes. It contains a very small proportion of extractive matters, while the acidity is practically NIL. The actual results of analysis were as follows: Alcohol, by weight 38.78 per cent., by volume 46.02 per cent., equal to proof spirit 80.64 per cent.; extractives 0.21 per cent.; mineral matter, NIL; acidity reckoned as acetic acid, 0.027 per cent. The spirit whilst free from injurious and crude products, possesses a delicate and smooth flavour, owing partly to skill in blending and partly to the maturing effects of storage for some years in wood."
