They pointed out the exhibit they wanted to make was of an educational value, and that there would be no militants on view, no speeches. The executive decided to give the association a booth and allow its members to distribute equal suffrage literature.

The committee which was appointed to take up with a committee from the N. B. Kennel club the matter of putting on a dog show reported that a tentative agreement had been reached. If this agreement is approved by the Kennel club a dog show will be added to the features of the exhibition.

CITY COUNCIL IN SESSION

Award contract for water pipe to John Birch & Co., of London, Ont.—Other matters.

The city commissioners at a special meeting yesterday accepted the tender of John Birch & Co., London, for water pipe for the use of the water and sewerage department. The prices were as follows:

12 inch	\$29.39
10 inch	28.88
8 inch	30.00
6 inch	31.08
4 inch	31.08

It was decided to have the water service placed in Windsor street, Lancaster, instead of Lancaster street, as formerly proposed. The change was made because rock was found in the first named street.

The Board of Trade asked if the council would grant a site for a brick manufacturing plant for the Canada Silica Products Ltd. The commissioner of lands will report.

On motion of Commissioner McLellan, Beverly Stevens was appointed clerk in the public safety department at a salary of \$1,900 per year. In speaking to this motion Commissioner McLellan referred to the need of a new office building for the city departments. Commissioner Potts objected to any money being spent for an elevator in the present building but he would wish to see a modern building.

Mayor Frink and the Commissioner of Public Safety were authorized to take up the matter of better city hall accommodations.

Commissioner Potts again brought up the matter of permanent sidewalks and asked the council to vote \$10,000 for sidewalks. The motion was not seconded.

It was understood that on Monday Commissioner Potts will introduce a resolution in regard to the erection of an incinerator.

It was reported that the contractor for the removal and erection of a drinking fountain at Indiantown had promised to have the work completed within three weeks.

The society convened in St. John in the morning and adjourned to meet at the Ben Lomond House.

At the business meeting in the afternoon most of the matters which came before the society were of a technical character.

A resolution was passed inviting the Canadian Pharmaceutical Society to meet in St. John next year. The Canadian society meets in Winnipeg this year. J. D. F. Mackenzie, A. W. Coombs of St. Marys and G. O. Spencer of Moncton.

Mr. Mosher said the men here were getting impatient and would comply with the law. He declared the St. John Street Railway was the first public utility company in Canada to ignore the Minister of Labor in a dispute of such a character as is now pending between the company and the union.

Again Remanded.

Lyman was appointed to formulate plans for the organization of a produce branch of the Board of Trade, such as obtain in many other cities. LEIGHTON DID NOT SWIPE CARLETON COUNTY BIBLE

After long years of silence, supporter of Mr. Carvell declares, innocence in matter of mysterious disappearance of Holy Writ.

One of the amusing incidents in connection with the hearing of the Dugal charges, yesterday, was the statement by Mr. John S. Leighton, Jr., that he was not the man who surreptitiously removed the Bible from the Carleton County Court House during one of Mr. Carvell's elections several years ago. The Bible story resembles most Bible stories, in that it has a strong moral, and in this case the moral is that it is risky to leave Bibles, or other valuables in proximity to a gathering of Carleton county Liberals. Mr. Leighton's name had been connected with the disappearance of this particular Bible, in fact, he himself admitted that he had been accused of taking it home, but he declared his entire and complete innocence although he might have some slight idea as to where it went.

It was just after Mr. Leighton had finished elaborating upon the details of his trip to Boston where he stopped at the Adams House and, incidentally, served a subpoena upon Mr. W. H. Berry Mr. Carter, in the course of his cross-examination, asked the witness if he had not acted as an election agent of Mr. Carvell. Mr. Leighton did not definitely commit himself on this point, but admitted that he had been a supporter of the Carleton county member and Mr. Carvell added to this the information that he had paid the witness to go to Boston.

Mr. Carter—"Did you take it?"
Mr. Leighton—"No, I never touched the Bible. I have been accused of it but I did not do it. This is the first time I have ever been asked the question under oath and I did not take it."

Mr. Carter—"Can you assist us in identifying the man who took it?"
Mr. Leighton—"I might."

Several people looked at Mr. Carvell and that gentleman with a show of spirit declared he was prepared to go into the matter of the Bible if it was desired to do so, but Mr. Carter did not press the point.

A report from Boston that there is a shortage of Bibles in the Adams House and Parker House, is, The Standard is assured, quite without foundation.

DEPRESSION ABOUT OVER, IS OPINION

Among delegates to Canadian Manufacturers Association Convention, says R. A. Armstrong.

Among the delegates to the Canadian Manufacturers' Association the opinion prevailed that the industrial depression in Canada had passed its acutest stage, and that from now on an improvement in business conditions was to be expected, said R. A. Armstrong, secretary of the Board of Trade who returned from Montreal yesterday.

Mr. Armstrong attended the convention of the Manufacturers' Association and made an effort to advertise the advantages of St. John as a manufacturing site. He said that the attendance was much smaller than was expected, but that this seemed to be the trouble in the country. The attendance from New Brunswick was very small. Stanley Elkin was again elected vice-president for New Brunswick.

IT RAINED, BUT THE IMPERIAL WAS PACKED

This is the Last Day for the "Conquest of Quebec" Feature.

It takes more than a heavy June rainstorm to dampen the enthusiasm of a St. John crowd when it comes to anything patriotic. This was evidenced by the attendance at the Imperial yesterday. Packed houses all afternoon and evening. The great historical picture "Wolfe, or the Conquest of Quebec," has proved the attraction it was expected it would and parents and their children from all sections of the city and suburbs are delighted with it. Today the film will be shown four times—starting at 2 o'clock, at 4, 7 in the evening and again at 9 o'clock. Special notice is drawn to the four o'clock show, an hour specially arranged to accommodate the school children. The picture will positively not be commenced until that hour, even if extra seats have to be sandwiched to fill out the time.

Twenty-third annual closing exercises of Rothesay Collegiate School—Saturday, June 20, 2 p.m., Inspection of Cadet Corps. Monday, June 22nd, 2.30 p.m., preliminary athletics.
