

Regular Monthly Meeting Last Night

Board of School Trustees Appointed a Committee to Secure Sites for New Schools—Reports Received—Other Business Transacted.

The regular monthly meeting of the St. John School Board was held last evening at the Board of Trustees office, Haasen Avenue. The chairman, Dr. A. F. Emery, presided.

The appointment of a stenographer to assist the Secretary and Miss Reid in the work of the Board was brought to the attention of the Board by the Finance Committee.

Applications for vacancies on the teaching staff of the city schools were read from Edna D. Shaw at present teaching at the Manwaggonia Road School, J. B. Carr, E. Gertrude Pederson, Stanley S. Mason and Miss Gertrude Shea, who applied for a position as assistant on the staff of the St. Peter's school.

A communication was read from William Harris, a member of the original staff applying for the position of janitor in one of the schools. His application was placed on file.

The resignation of M. Constance Ooster, and Cora Bennett of the Albert Street School, and Luella B. Chapman of the Victoria Annex, from the teaching staff of the city schools were read and accepted.

The Board was notified by the D. S. C. R. that J. E. Bond, a returned soldier, and janitor of the King Edward school was being treated in the hospital. Dr. Bridges stated that a young man had been employed by the visitor's committee to attend to the fire during the janitor's absence, and that the janitor's wife performed the other duties.

The Finance Committee reported that they could not meet with Miss Muller's request that she be granted the bonus given the other teachers during the year she was granted leave of absence. They recommended that an increase of a dollar a month be granted the teachers of the evening classes. W. L. McDermid and Rex Cormier.

E. Coby Smith stated that it was the opinion of the Finance Committee that the work required of the secretary, Mr. Leavitt, and his assistant, Miss Reid, was becoming too great for them, and that a stenographer should be appointed to assist them.

Mr. Day said he agreed with Mr. Smith, and asked if the matter of finance had been considered by the committee. Mr. Ingraham drew the attention of the Board to the fact that in addition to other causes, the Vocational Schools had put a great deal of extra work on the secretary and his assistant. The secretary said that while he had not applied for an assistant.

ELECTRICAL PLANT WORKERS IN PARIS

Ordered to Join in General Walkout Today—Strike Spreads in the Northern Mining Fields.

Paris, May 10.—The French General Federation of Labor announced today that the electrical plant workers would be ordered to go on strike to strengthen the walkout on transportation lines, intended to force Nationalization of Public Utilities.

The government's forecast that all railway workers on strike would be back at work today, was not realized, and neither were the somewhat extravagant claims of the Federation of the Paris region are reported.

The strike movement among the miners appears to be spreading, especially in the northern fields, where, according to the Federation, the men have declined to keep pumps going or to do any upkeep work unless the government consents to negotiate with the Federation.

The importance is attached to the strike in the building trades, where unemployment is chronic. While nothing like a general strike movement among the building trades workers in any section has been reported, the isolated walkouts are seriously hampering building construction, and the consequences may be felt for many months. The strike of the seamen and dockers remains unchanged.

SICK HEADACHES For Last 10 Years

Headaches affect all ages and both sexes alike, but in all cases the treatment should be directed to remove the cause, for with the cause removed the headaches vanish for all time.

What is necessary for a permanent cure is something that will go right to the seat of the trouble. For this purpose it is impossible to find a better remedy for headaches of all description than Burdock Blood Bitters, acting as it does on every organ of the body to strengthen, purify and regulate the whole system.

Mrs. Flora Hall, Dominion, N. S., writes:—"I have been troubled with sick headaches for the last ten years. I had lost faith in all remedies until recently a friend of mine advised me to try Burdock Blood Bitters. This I did, and found relief in a very short time. I would now recommend B. B. B. to anyone who is suffering as I did. I only took 3 bottles, and am never troubled with sick headaches any more."

B. B. B. has been on the market for over 40 years. Manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

Government Offer Has Been Rejected

As Result Steamer "Maggie Miller" is Idle at Milligville and a Motor Boat Service to Ferry Passengers Was Put on the Route Yesterday.

The Fortinational Department of Public Works has been informed by Captain White of the steamer "Maggie Miller" on behalf of the shareholders that the offer of the provincial government at its last meeting to increase the passenger fares and the lease fees between Milligville and Baywater, Somerville and Milligville by which the bona fide residents of the Kingston peninsula will be carried free, as usual, and the usual fares charged for those non-residents leaving the various wharves.

Government officials claim that the offer made would mean in round figures the payment to the "Maggie Miller" for subsidy and free fares of more than \$5,000 a year. In consequence of the refusal of Captain White and his associates to accept the proposition of the government for increased fares, arrangements were made yesterday morning with Lewis Keith to carry on a motor boat service, between Baywater, Somerville and Milligville by which the bona fide residents of the Kingston peninsula will be carried free, as usual, and the usual fares charged for those non-residents leaving the various wharves.

MRS. HACHEY IS ENTHUSIASTIC OVER DODD'S KIDNEY PILLS.

She Was Weak, Nervous and Run Down Before She Started to Use the Great Canadian Kidney Remedy Dodd's Kidney Pills.

Chatham, via Shippan, N. B., May 10.—(Special.)—"I can tell you in all sincerity that Dodd's Kidney Pills are the best in the world. I have used them and I am always praising them." These enthusiastic eulogies of Dodd's come from Mrs. S. Hachey, well-known and highly respected here. "I think I inherited my trouble from my parents," Mrs. Hachey continues. "I was troubled with sciatica. I had cramps in my muscles and backache. My appetite was uncertain. I was easily fatigued. My sleep was helped to make me more wretched. My nerves were also bad."

It will be seen from the above that Mrs. Hachey was in a very badly run-down condition. The benefit she got from the use of Dodd's Kidney Pills is shown by the praise she gives them. "Weak, run-down women all over Canada will hear with pleasure the statement Mrs. Hachey makes. Ask your neighbors if Dodd's Kidney Pills is not the remedy they are looking for."

SOCIALIST PARTY STRIKES SNAG IN CONVENTION

Illinois Delegation Opens Bitter Attack on Conservative Leaders.

New York, May 10.—Shouting for the radicalism of German, French, Italian and Russian socialism the Illinois delegation to the convention of the Socialist party of America, today launched a bitter attack on "conservative" leaders and their platform demands for popular administration of private property "for the benefit of all."

Following introduction of a "declaration of principles" and party platform drafted by Morris Hillquit, the Chicago delegation started what may develop into a serious schism, it was stated tonight. J. Louis Engdahl, Samuel S. Holman and Wm. F. Kruse, all of Chicago, and the last two under sentence for violation of the war time espionage act, led the radical element attacking the "Hillquit" platform on the ground that it contained "nothing but nice phrases." Finally it was decided to consider the platform in committee of the whole tomorrow morning.

LIFT OFF CORNS!

Apply few drops then lift sore, touchy corns off with fingers—No pain!

Doesn't hurt a bit! Drop a little Freestone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! No bumping! A tiny bottle of Freestone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freestone is the sensational discovery of a Cincinnati genius. It is wonderful.
