DEMOREST'S BROAD CLOTHS: FANCY DRESS GOODS RELIABLE PATTERNS J. L. WOOD WORTH, OBURGS, LUSTRES; Black and Colored ALPACAS; FRENCH MERINOES; disorders, which were aggravated by the scroftlous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lurge, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this Sarsaparilla is advisable, even when no active symptoms of disease appear. Persons afficted with the following complaints generally find immediate relief, and, at length, cure, by the use of this SARSAPARILLA: St. Anthomy's Five, Rose or Erysipelas, Tetter, Sait Bheum, Scald Head, Ringucorn, Sore Eyes, Sore Ears, and other eruptions or visible forms of Scrofulous disease. Also in the more concealed forms, as Dyspepsia, Dropsy, and the various Ulcerous affections of the muscular and nervous systems.

Syphilis or Venereal and Mercurial Diseases are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. Leucorrhaes or Whites, Uteritons for each case are found in our Almanae, supplied gratis. Rheumatism and Gout, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also Liver Complaints, Forpidity, Congestion or Inflammation of the Liver, and Janatice, when arising, as they often do, from the rankling poisons in the blood. This SARSAPARILLA is a great restore for the strength Training, Mice, Moles, Moles, &c., &c. &c., &c. &c., &c. The above valuable work may be had of J. & A.
