THE HERALD.

TUESDAY, DEC. 7TH, 1915.

LAST year the consumption of liquor in Canada was reduced to the lowest percentage in five years. A good thing for the people and the country.

CANADA'S revenue for November was the largest for any month in the history of the Dominion, being nearly ten million dollars greater than for November last year.

THE Finance Minister decides to accept \$100,000,000 of subscriptions to war loan, \$50,000,000 to be used to provide credit for purchase by Britain of war munitions in this country.

THE total number of troops so far sent overseas by Canada is 115,000. The number of troops under arms in Canada, including 10,000 members of the active militia called out to garrison coast defences and to guard public works, bridges, canals, railways, docks, wireless stations, cable landing places, stores, factories, internment camps, etc., is upward of 75,000. This number is rapidly increasing, and it is expected that in the near future the establishment of a Canadian expeditionary force and embodied militia will reach the authorized number of 250,000 of all ranks.

Fire in Public School.

What bid fair to be a serious fire occurred yesterday in the public school. Dense smoke was noticed about 2:30 p.m. issuing out of the gates in Miss McCallum's room. She, with great presence of mind, at once sounded the fire alarm when all the classes left the rooms in perfect order. It proved to be less serious than anticipated, nevertheless the drill was beneficial to the entire school.

WALL PAPER Sale still on at the Cavers' Store.

Thanks from the Boys in Belgium.

Capt. T. R. Caldwell, in his letter to the Carleton Place Women's Institute, written from the trenches in Belgium, says: "If you could only realize how much the boys appreciate those gifts I am sure you would feel that your work had been amply repaid. Socks and shirts are two of the most useful gifts that it is possible to send." The parcel referred to contained socks, mufflers, shirts and gloves for the Carleton Place boys.

GERMANY SEEKS PEACE

Hague Despatch Says Kaiser Will End the War

Decision of the German Government to Allow the Reichstag to Discuss Terms of Peace Has Given Rise to Wildest Rumors—One is that the Kaiser Will Give Up Everything but Antwerp and Special Shipping Privileges.

LONDON, Dec. 6.—The momentous decision reached by the German Government to permit the discussion of peace in the Reichstag is regarded here as the clearest indication that Germany is prepared to lay down her arms if acceptable conditions can be obtained. The Government's decision, following the authorization given to the German press for a free discussion of peace possibilities, and the discussion of an almost unanimous desire to end the war, along with the Governmental sanction of the Socialists' plan to bring about a peace debate in the Reichstag, lends to Thursday's session of that body an importance which is impossible to overestimate.

The entire world is awaiting eagerly the speech of the Imperial Chancellor. Meanwhile the wildest rumors are current.

The latest of these, coming from The Hague and obviously from a German source, is to the effect that the Kaiser intends to proclaim peace shortly. It is asserted on the "highest authority," according to the rumor—but the name of this "highest authority" is not given—that the Kaiser will send a letter to President Wilson urging him to accept the role of mediator. The letter, the rumor goes on, will declare that Germany did not want the war, which the letter will say, was forced by England and Russia. Atrocities will be denied energetically. The hour is at hand, the letter will continue, to stop the bloodshed and permit Europe to heal her wounds with a bountiful peace.

"Germany will offer, through President Wilson, to evacuate the invaded departments of France and all of Belgium except Antwerp, and to negotiate with Great Britain regarding the possession of Antwerp. Poland will be declared autonomous, the invaded provinces of Russia will be restored, and Serbia's independence will be guaranteed."

"On the other hand, the 'freedom of the seas' is to be guaranteed and special privileges are to be granted to German commerce."

"In case of a refusal of these terms according to the rumor, Germany is determined upon a war of extermination."

These proposals, which already have been suggested often in whole or in part, find many believers. The Vorwaerts urges an open debate and free discussion from every angle of the possibilities of peace.

All Must Consent.

LONDON, Dec. 6.—The text of the declaration signed last week by the British Foreign Secretary, Sir Edward Grey, and the French, Italian, Japanese, and Russian Ambassadors at London, engaging each of the five nations not to conclude a separate peace, is as follows:

"The Italian Government having decided to accede to the declaration between the British, French, and Russian Governments, signed in London September 5, 1914, which declaration was acceded to by the Japanese Government on October 9, 1915, the undersigned, duly authorized thereto by their respective Governments, hereby declare as follows:

"The British, French, Italian, Japanese, and Russian Governments mutually engage not to conclude peace separately during the present war."

"The five Governments agree that when terms of peace come to be discussed no one of the Allies will demand conditions of peace without previous agreement of each of the other Allies."

BUSIER THAN EVER.

German Peace Talk Accompanied by War Preparations.

LONDON, Dec. 6.—The Daily Mail's correspondent at Rotterdam cites reports confirmatory of rumors that the Germans on the western front are strengthening their lines.

"The Germans will take more active measures in Flanders at the very time that peace platitudes are heard in the Reichstag," says the correspondent.

The artillery activity on the French and Belgian front, which had been lessened somewhat by the heavy rains, was resumed to-day. The French guns were used effectively against movements of German troops in the Heich-Sas regions and replied to a violent bombardment of the French trenches south-west of Loos. French mortars and mines figured in the day's fighting in the Herbecourt and Tillot sectors, between the Somme and the Oise, and in the regions of Frise, the Bois Saint Mart, Tracly Le Val and Les Eparges.

The Germans bombarded Arras with incendiary shells, but only minor damage was done.

New Camp for Canadians.

LONDON, Dec. 6.—Bramshott Camp in Aldershot district, selected for the Canadian division now in England, is on the whole appreciated by the officers. Colonel Gascoigne, of the 50th, and Colonel Archambault, of the 41st, both praised the general arrangements of the new camp, as well as the co-operation of the British staff. The camp has good huts, with electricity and water, and the roads are good, while the camp is as accessible to London as is Shoreham. The weather for the past week has, however, given the newcomers some idea of the conditions at Salisbury Plain last winter, the incessant rains having brought the inevitable mud, and influenza has been rife.

FOE ENTERS MONASTIR

Teutonic Occupation Likely to Arouse the Greeks.

Party of German, Austrian, and Bulgarian Officers Have Entered Captured Serbian City and Raised Flags—Bulgar Soldiers Think War is Over—Allies Prepare for Big Offensive in the Balkans.

LONDON, Dec. 6.—It is officially announced that only German, Austrian, and Bulgarian officers have entered Monastir, no troops accompanying them, says a Reuter despatch from Athens. The flags of the three nations represented by the officers who entered the city were raised over the Government House, the despatch adds.

The Athens correspondent of the Havas Agency sends the following despatch to Paris under current date:

"It is reported from Florina that the Bulgarian troops remain camped in the vicinity of Monastir at a place named St. Kiraki. A delegation of the inhabitants went out to the Bulgarian outposts to notify the troops that they could enter the town. The Bulgarian officer said that he had no orders to enter the town, and recommended that the inhabitants organize a civic guard to maintain order."

"Bulgarian deserters arriving at Florina say that the great majority of the Bulgarian soldiers think that the war has been ended by the occupation of Macedonia, and do not want to continue fighting in the interests of the German powers."

Bulgaria comitadjis have occupied Kemali, on the Greek frontier. The Athens correspondent of Reuter's Telegram Company sends the following:

"The conviction prevails here that the Balkan campaign will continue more energetically in order to check the German advance to Constantinople. From French sources it is reported that the reinforcement of the entire line from the Cerna river to Krivolak continues. The positions east of the Vardar river gradually have been rendered secure with a view to extending the zone for the protection of the railway."

Many Serbian soldiers who retreated through Greek territory after the fall of Monastir were not disarmed, but were treated with every consideration, says an Athens despatch to The Daily News.

The Berlin Vossische Zeitung estimates the numbers of the Anglo-French army in Macedonia at from 60,000 to 80,000 men, and says: "It lies in strongly defended positions centring on the Vardar Pass, near Krivolak."

FORD PEACE SHIP SAILS.

Oscar II. Leaves for Copenhagen With 148 Pilgrims on Board.

NEW YORK, Dec. 6.—The Scandinavian-American liner Oscar II., having on board Henry Ford's European peace expedition, which is going to try to stop the war, sailed for Copenhagen at 3:15 o'clock Saturday afternoon. The final official passenger list issued by the steamship company after the liner sailed gave 148 as the number of persons in the Ford party. The names of four or five persons who arrived only a few minutes before the liner sailed did not appear on the list. These belated pilgrims were booked by the purser in the few minutes that preceded the lowering of the gangplanks.

The departure of the peace ship was attended by one of the most picturesque as well as noisy demonstrations ever witnessed in New York harbor. On the liner the Ford pilgrims lined the rails and cheered and shouted and sang, while on the pier more than 3,000 peace advocates and curiosity seekers joined in the general jollification that began at noon and did not stop until the Oscar II. was in the river and headed for the Hook and "war-torn Europe."

Chief Dynamiter Arrested at Coast.

SAN FRANCISCO, Dec. 6.—Baron George Wilhelm von Brincken, attaché of the German Consulate at this port, was surrendered to the Federal authorities on the charge of being the head of an alleged dynamite squad that has destroyed munition plants in all parts of the country. He was released on \$10,000 bail. United States District Attorney John W. Preston, who caused the arrest, declared 50 overt acts could be charged to von Brincken. The warrant against von Brincken was based on information furnished by Louis J. Smith, confessed dynamiter. Von Brincken and Charles C. Crowley, now in custody, are alleged to have had Smith continuously in their employ since May 1, of this year.

It is known on reliable authority that a number of other arrests will be made in San Francisco or vicinity.

South African Army for East.

CAPE TOWN, Dec. 6.—General Jan Christian Smuts, Minister of Defence in the Union of South Africa, announced yesterday at a public meeting that the entire force asked for for the East African expedition had been recruited, and that the Imperial authorities had been informed that the Union was increasing its forces to provide for contingencies.

Explaining the decision of South Africa to send an expedition to East Africa, General Smuts said this action was taken because of the danger arising from the arming of natives by the Germans and the preaching of a holy war against Christians, to which he declared the Germans were lending their assistance.
