Edmonton, Alberta.	1 Apr./44	Monday	Final records for Course No. 97 being compiled in readiness for Selection Board on Monday. In the meantime, personnel of Course are away on a "48".	Appendix "A" attached.																																				
	2 Apr./44	Tuesday	Normally No. 2 Squadron would be on Church Parade today, but with one Course on a "48" it was decided to waive the Church Parade in view of the Special Easter Service planned for next Sunday.

			This Course was slightly better than No. 96, but still below standard. Two of the trainee officers passed their supplementals and the third is now in hospital with Scarlet Fever. Signal from AFHQ has ruled that trainee officers receive no more consideration than other trainees, so it is a good thing that the two officers passed their supplementans, although they didn't deserve it. F/O A. S. Harrison (C.6047)(Accts.) was retired, effective today, on medical grounds.																																					
4 Apr./44	Thursday	Construction of the new canteen building is nearing completion. S/L J. D. Paterson (C.2821)(Admin.) has assumed additional duties as Messing Officer in an endeavour to put things on a better basis. Taking into consideration the large amount expended on extra messing there is apparently something radically wrong. The Commanding Officer is maintaining close contact with the Bursar of the University with respect to the Messing, but is reluctantly coming to the conclusion that the present agreement is not workable and that Service personnel will become necessary sooner or later.
