

### OPINIONS ON LOVELL'S GENERAL GEOGRAPHY.

It is my intention to adopt at once this Geography as a text-book in the Grammar School department of this Institution, and I have no doubt that it will soon win its way into general use in all our Schools.—*Rev. S. S. Nelles, President of Victoria College.*

The classification appears to be faultless, the definitions concise and lucid, and the information given in regard to the derivation and pronunciation of proper names is very valuable. It is indeed *multum in parvo*, and will doubtless become the standard Geography of our schools.—*Rev. I. B. Howard.*

It displays no ordinary degree of ability, industry, taste, and perseverance. A book of this kind is very much required in this country; and affords information regarding the Colonies which no doubt will be appreciated by old-country residents. I shall be most happy to recommend it to the schools in my superintendency, as well as to heads of families, and hope it will be patronized as extensively as it deserves.—*Rev. J. Gilbert Armstrong.*

When it comes to be known by the public, I should think it must command a very extensive, if not universal, circulation in the Schools of British North America.—*Rev. John Corder.*

The plan of your School Geography is excellent, and I hope it will meet with the success it deserves.—*Rev. Dr. Leitch, Principal of Queen's College.*

So far as I can judge, Lovell's General Geography is well adapted to our Canadian Schools.—*Rev. A. J. Parker.*

I admire its arrangement very much. With such brevity as was necessary to the plan pursued, its fulness on all the subjects connected with Geographical study is remarkable. It is most gratifying that Canada is not only preparing her own school books, but that, as in the case of the Geography, they are of so high an order of merit.—*Rev. S. D. Rice.*
