...Special Notice to Farmers...

Is Your Poultry a Paying Department of the Farm?

It should be a very profitable one, but many farmers do not realize that it is absolutely necessary to improve their stock by bringing in new blood, or by selling off all their old chickens and replacing them with large, healthy stock, providing good layers and excellent birds for the table. For this purpose we breed the very best that can be obtained, and we are sure that you want the same. From our magnificent stock of White Wyandottes and single comb White Leghorns, we will sell settings of eggs at the moderate price of \$1.50 per setting. We would strongly advise the farmer to stock his farm with thoroughbred White Wyandottes. This breed is known as an all-round general-purpose fowl, being a great egg-producer, as well as the very best marketable bird for table use. We imported all our original stock from the large poultry farms of the United States, express, for the purpose of obtaining the most profitable breed for the farm, and have proved by our own experience that it pays far better to breed this profitable breed than the ordinary stock that is so common throughout the country.

We have purchased from MR. HAWKINS, of Lancaster, Mass., a pen of his celebrated

ROYAL BLUE STRAIN OF Barred Plymouth Rocks

We highly recommend these birds to the public, and will be pleased to supply eggs from these at \$3.00 per setting. Address—
