## ATTER A BIG THING.

About sit Feeke ago a Eman whe elelined to lve fir hand luek entered Defrelt stuve above and acked for money. The proprietor gave himin dime and a blowing up at the anme times, and maked him why he did not limee up and try to do aimothing.
WHay! T'll do it $\mathrm{P}^{\prime \prime}$ wan the reply. "I malroaly working at a big thing. It la a eual shuve and refrigerator comabinembane side to abel your groviaions in kualles in winter..'
Ho whe encouraged to go on, and in allout two weoks he roturned to inquint
"Be you think it will make any difforvee whieh olde is the steve and which the relrigerator ? ${ }^{\text {P }}$
He was told that it sopeld mot, and e went away to bo gond another fortsights, and then to return and ask:
nigat, and h'en to lo a good thing to anrasige to save the heat $u$ t the stove to rus strahing-machine ?
i, wae warmin eomplimented on the tew and was not seen again watil yes ertay, when he returned with eathusmotio ítep to ank for a private interriew and to noy :
$\rightarrow$ Got another Idea! I'm golnt to inake the eold alr which pesses oun at lean and eix fypern ing in the dining-roosa. What I wont just now is a capital of 1,010,000 dollers to mable me to es. perimens, and I shall write to partie in Xew York to-day. Meanwhife you adyamee me iwonty-aeven eunto and onet iaterest in golli ?

## GEMS OF THOUGHF

Prates are always thielt where love is Thim, Renves. slow to premiee and quick to pers foris.
The longent lite is but eo many meomenta.
goed mother is worth a domen Moel-nuantars.
He mot rifrid to dile, for you will invel a mell-boaten track. who might be botter employed.
Never ve seeurity for more than you arg quile willing to lowe
God clves overy hird Its \&ood, but doye nut throw. It fato the nese.
fase your heed and loes tho batule,
Love your heart and you have lous all. Tou ean ley it down so a saered muxins that overy man
