TEN LEADING INSURANCE COMPANIES license the CHAMPION to be used within twenty feet of barns or stacks insured by them. We are testing and finishing six Champions per week. Threshmen should come and investigate for themselves. Send for circulars.

George Book writes, St. Ann, Ontario, June 17 1879, regarding his 10-horse power Champion Sawmill: "Last week, on Monday morning three men of us commenced to saw up well to move it. We saw up, moved three miles, and it up and on Tuesday at three o'clock sawed a log with it. Not quite three days. In one week we moved and set it up as mentioned, and saved twenty thousand feet. I will write full particulars soon. We saved six hundred feet in twenty-nine minutes—each timber 12 H. P. using 40 in. saw, Capacity 4 to 6,000 per day. 20 H. P. using 16 in. saw, No 3 saw teeth, Capacity, 4 to 8,000 per day. Most simple, efficient and portable mill of its size in the world."

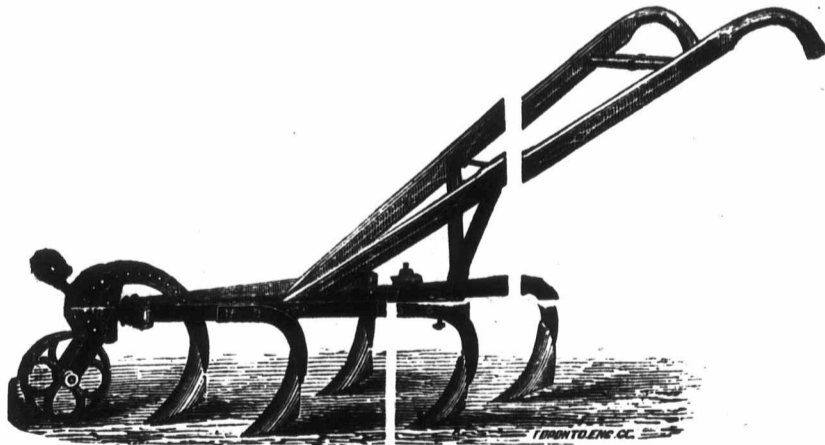

WATEROUS ENGINE WORKS CO., BRANTFORD, CANADA. FARM ENGINES, PORTABLE SAW AND GRIST MILLS OUR SPECIALTY. 172-1f

Plows! Plows! Plows!

We are making and selling more and better general purpose, either all Steel, Chilled Iron or genuine Chilled Plows, for the season of 1880 than ever, because we use only the very best material, and finish them right.

TWO-HORSE CULTIVATORS.

Perfect thistle cutters; makes the very best seed bed on fall plowed land of any other implement; the fastest working, the easiest on team, and cheapest in Ontario.

Champion Horse Hoe and Cultivator Combined.

The most perfect implement for cultivating or hoeing root crops, corn, shrubs, strawberries, and all weeding purposes; complete with side moulds or shares and wheels.

REAPERS & MOWERS.

VICTOR HARVESTER, Bronze Medal at Toronto Industrial Exhibition, 1879. Light, strong, easily handled, light draft, best tilt in use, lifts easily, and are warranted.

CANADIAN NEW MODEL MOWER.

The most popular in Ontario; neat, reliable and cheap; shafting all steel; lightest draft, most durable, and warranted.

Address—**B. BELL & SON,**
ST. GEORGE P. O., ONT.

CURRIE BOILER WORKS

Established 1853.

New and Second-Hand **BOILERS AND ENGINES**
Portable Engines and Boilers, complete, suitable for farmers' use, from \$100 upwards. Boilers for Hot-houses, and for Steaming Cattle Feed, a specialty. Turning Lathes, Boring Mills, Drilling Machines, and other Machinery on hand for sale.

NEIL CURRIE

Esplanade St., Toronto, Ont.

Brantford Plow Works.
Corn a paying crop at 25 cents a bushel.
THE WESTERN **CORN CULTIVATOR**

Same style as made by the MOLINE PLOW CO., Moline, Illinois, who have more than 145,000 in actual use, sold within the last few years. They have been tested practically for the last two or three seasons in Canada, and have proved themselves invaluable for the successful raising of corn.

NO MORE USE FOR THE HOE.

It entirely does away with the use of the hoe, and a boy can thoroughly cultivate from eight to ten acres a day. By its use the Western Dent Corn is brought to perfect maturity, being forced by thorough cultivation.

It has no equal as Root Cultivator, and is adapted to every kind of hood crop, and by attaching an extra beam in the centre it makes a splendid Fallow Cultivator and never chokes up.

Price, rigged for Corn is.....\$30 do. with extra Beam for Field....\$35 These cultivators will be let on trial to first-class men on the above recommendation, and if they fail to fill it they may be returned at the end of the season.

JAMES G. COCKSHUTT,

172-4f BRANTFORD, ONT.

ATTENTION.

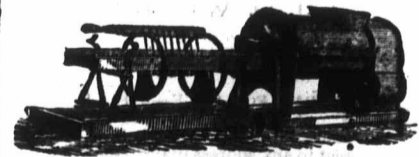

We are frequently asked who makes the best Farm Implements. To one and all we say: If you want a Reaper, a Mower, a Hay Rake, a Grain Drill, a Gang Plow, or a Plow, or in fact any Farm Implement of practical utility, and one that will give you perfect satisfaction and full value for your money,

CRAWFORD & CO.,

Of the **Globe Works, London,**
CAN SUPPLY YOU.

Send them for catalogue, state what Implement you require, and they will give you full information and particulars.
