Do Not Fail to See the Exhibit of
BARN ROOFING
at the
TORONTO EXHIBITION.

In the manufacturers' building we have a big exhibit of Metallic Building Materials—material that is taking the place of wood, because it is more durable and more economical.

Notice the roof of the Poultry Building; it was covered with "Eastlake" Metallic Shingles 23 years ago, and is in perfect condition to-day. In fact, nearly all the Exhibition Buildings are roofed with "Eastlakes."

Don't forget the location—in the Manufacturers' Building.

MANUFACTURERS: 1883
