

The Record-Breaker

The STANDARD cream Separator has justly been named "The Record-Breaker" by creameries and Dairymen. It has certainly made some remarkable skimming records at Ontario Agricultural College, Guelph, at Dominion of Canada Experimental Farms, Ottawa, at Warton Creamery, at Stratford Creamery, and others. The report of the records made by the

Standard

If you are not familiar with the skimming records established by the Standard cream Separator write us. We will gladly send you particulars. But the best record of all, will be the record the Standard will make for you in everyday use in your dairy. It will do the same for you as it has done at Experimental Farms. All Standard Separators, of the same capacity, are identically alike. One Standard is as good as another, no matter who owns it.

at the Eastern Dairy School at Kingston, and at the Kerwood Cheese and Butter Factory, were published a short time ago. They proved, conclusively, that the Standard Cream Separator was unequalled for close-skimming. They go to show that right here in Canada is made the "World's Greatest Separator,"—a fact we believe, all Canadian Dairymen will be proud of.

Weatherproof is expense-proof

Trinidad Lake, asphalt makes roofing lastingly tight against rain, sun, wind, snow, heat and cold. This is the everlasting waterproofer of Nature. We use it to make

Genasco THE TRINIDAD-LAKE-ASPHALT Ready Roofing

Because it gives absolute protection Genasco is economical roofing—it costs less in the end. Ask your dealer for Genasco. Mineral or smooth surface. Look for the hemisphere trademark. The Kant-leak Kleet is in every roll of smooth surface Genasco. It water-proofs seams without cement and prevents nail-leaks.

"Bissell" rollers are a specialty

The "Bissell" Rollers are built by men who have made a life study of this work, and are SPECIALISTS IN THE BUSINESS. Search as you may, there are no such perfect Land Rollers on the Continent as the "Bissell." Make a note of these points and compare the "Bissell" Rollers with any other Land Roller in America. If the "Bissell" does not convince you that it is the best Roller, then don't buy, but you ought to know the facts, and it will do any person good to make the comparison. No need to send special travellers to sell "Bissell" Rollers. Practical farmers see the difference and prefer the "Bissell."

The 18 cold rolled anti-friction Bearings 1/2 inch thick with lathe cut ends, held in the one piece Malleable Iron Cage, is a single point placing the "Bissell" Roller away ahead.

Look for the name "Bissell" on every Roller. No other is genuine. Ask Dept. W for free catalogue.

ROGERS' CEMENT AND CRUSHED STONE

Buildings That Save Money For Farmers

The most economical building material is concrete made with Rogers Cement and crushed stone.

The modern farmer knows that cement houses, barns, silos, etc. are everlasting, fire-proof, warm, comfortable,—save money in every way.

Every live farmer should know what can be done with cement on his farm, and how it is used. We have spent thousands of dollars preparing a book to tell you how to mix and use cement.

A copy will be sent to you for 50c.: a fraction of its cost. You need this book—the supply is limited.

Ontario Wind Engine & Pump Company's LINES ARE SUPREME

N4 Majesty of the Law

A notorious Texas judge, at an inquest of a dead stranger, found with \$40.00 in one pocket and a six-shooter in the other, said, "As it is against the law to carry a gun, I fine the corpse \$40.00."

Mr. Catalogue House says to the unfortunate purchaser of a cheap machine, "I know your machine is no good, but you didn't pay much."

Why experiment? Buy the O.W.E. & P. Co.'s Engine, Windmill, Well Drill, Grinder or Pump, and escape such a Judge.

If your dealer does not handle our lines, write the Ontario Wind Engine & Pump Co., Limited, at Montreal, Toronto, Winnipeg, or Calgary.
