are low on all buildings lined with our Embossed Ceilings and Wall Panels. They reduce the danger of destruction by fire by dispensing with wood finishing. Yet they are as cheap as wood or plaster ceilings, while more attractive, adding distinction and richness to their surroundings that cannot be equalled by any other material. We make a specialty of fitting up church interiors, including pillars, moulding, sculpture, lamps and plain work. Only closest inspection can distinguish our metal from marble and costly wood.
