Rev. P. J. Ed. Page, Professor of Chemistry, Laval University, Quebec, says: "I have analysed the India Pale Ale manufactured by John Labatt, London, Ontario and have found it a light ale, containing but little alcohol, of a delicious flavour and of a very agreeable taste and superior quality, and compares with the best imported ales. I have also analysed the Porter XXX Stout, of the same Brewery which is of an excellent quality; its flavour is very agreeable; it is a tonic more energetic than the above ale, for it is a little richer in alcohol, and can be compared advantageously with any imported article."
